Accidental Death May Be Plea in Baby Death

Helen Mae Brinkman, 24 year old Town of Shandaken mother of four children who stands charged with manslaughter, first degree, for the alleged death of her 21 months old daughter, Linda, last January, may plead accidental death of the child.

During the examination of prospective jurors reference was made to the fact that Mrs. Brinkman suffers from epileptic fits and the injuries from which the child died may have been inflicted during the time she was suffering from a seizure.

Points to Fall
In his examination of jurors, Sherwood Davis, counsel for Mrs. Brinkman, also referred to the injuries being suffered when Mrs. Brinkman had "fallen down" several steps while she had the child in her arms.

Held for Manslaughter
Mrs. Brinkman, separated from her husband Peter, for several years, has three other children, all boys—Glenn, 7½, Kenneth, 4, and Thomas, 3. On July 6 she summoned Dr. Charles A. Quinn of Phenicia to her home where it was found the child was dead

with severe head injuries. After a statement made later to authorities about the incident, she was arrested on a manslaughter charge.

Conviction could result in imprisonment for a period of not to exceed 20 years.

Eleven jurors had been seated when Judge Bruhn recessed court Wednesday evening. The case will be resumed Monday at 10 a. m.

Counsel Assigned
Counsel was assigned Wednesday by County Judge Louis G. Bruhn to three defendants who had previously been arraigned in court under grand jury indictments, and entered pleas of innocent.

Bernard A. Feeney was assigned as counsel to Miss Lucille Howell, 23, Marlborough, who stands charged with manslaughter for the death of James Dawsey, 30, who was shot by defendant last June 29 during rifle practice on the Chillum farm where the two were employed.

Joseph Hill was assigned to Spencer Stover, 35, who is charged with assault, first degree, for the shooting of Rose Walker last July 15 at Echo Hotel, Briggs Highway, town of Wawarsing. Stover, an employee at the hotel, is charged with firing a shot at the young Philadelphia woman. The shot grazed her ear.

Also arraigned and entering a plea of innocent was Bernard L. (Continued on Page 12, Col. 4)

Parents Appeal for Return Of 27 Children to Onteora

Parents of 27 children in three former common school districts in the Town of Shandaken, ordered transferred to the former Pine Hill Common School from the Onteora Central School have asked that their children be returned to the Boiceville building.

The appeal was made to the Onteora Board of Education at a meeting last night by Attorney Martin J. Rubin of Phenicia, who said he represents the parents. Rubin told The Freeman today a total of 31 children are affected by the order.

The 27 children he said reside in former common school districts 2, 4 and 8 of the Town of Shandaken.

The parents consider the order transferring the children to the Pine Hill school to be "ill considered, unfair and unlawful," Rubin told the board of education.

"The resolution to utilize the former Pine Hill common school for children not residents of Pine Hill was made Aug. 4 without a prior study or plan and in the face of strenuous protest by Moehle, your administrator, Rubin said.

The attorney charged that planning was "hastily done" and the board's final decision "just days before school opening" left insufficient time for the adequate preparation of the children and of the program.

Says Space Exists

Space for the children at the Boiceville school was allocated before the board's resolution "and still exists," Rubin said.

"There is as yet no plan for the use of the minute space created at Onteora by this drastic shift. A further result of the board's action was the elimination from Onteora of a remedial

second grade a step backward for Onteora."

The children affected by the transfer will not receive educational opportunities "equivalent" to that at Onteora Rubin claimed. "They will retrogress to conditions as they were before centralization."

Cites Condition

He cited among those conditions ungraded classes and a lack of special services, including the hot lunch program. Rubin also charged that the children will be located at Pine Hill in "antiquated and depressing" (Continued on Page 6, Col. 2)

Incumbant Is Praised; Area Democrats Balk

Supreme Court Justice Roscoe V. Elsworth of Port Ewen was the unanimous choice of the delegates to the Republican judicial convention Wednesday at Albany, to succeed himself for another term on the Third Judicial District bench.

In nominating Justice Elsworth for a second 14-year term, George Rusk, a Marlboro attorney, said he "has an ample supply of what we country lawyers call 'horse sense' . . . His opinions have won the respect of our appellate courts . . .

Wide Recognition Given

"Long before any judicial convention had been called the Bar Associations of Ulster, Columbia, Greene and Sullivan Counties made their feelings known by endorsing Judge Elsworth's candidacy to succeed himself."

While Justice Elsworth was being nominated for a second term at the Republican judicial convention, the Democratic judicial convention being held in the same building became involved in a controversy with the Ulster County delegates attempting to stop the nomination of Justice of the Peace John J. McCourt of Marlboro.

The Ulster County Democratic delegates, headed by Francis Martocci of Saugerties, nominated Robert V. Stapleton, Ellenville attorney, in an effort to stop the McCourt designation. When McCourt was endorsed by 52 of the 61 delegates assembled, the Ulster County delegates filed out of the convention hall along with the Greene County delegates.

Group Stands Fast

In an attempt to offset the selection of McCourt, Martocci placed the name of Attorney Robert V. Stapleton of Ellenville before the convention and six of the seven delegates of the Ulster group remained steadfast with City Judge Aaron E. Klein abstaining from voting.

Martocci in presenting the name of Robert V. Stapleton claimed that McCourt is not a "practicing attorney" in Ulster County and pointed out that he maintains an office in Newburgh in adjoining Orange County which is not in the Third Judicial District and also that McCourt is not a member of the Ulster County Bar Association.

Wouldn't Oppose Elsworth

"If there were to be an endorsement of Mr. Justice Elsworth, we would not have been opposed to it," Martocci said. "We are, however, opposed to the nomination of any individual who is not a practicing lawyer in any one of the counties which compose the Third Judicial District."

Martocci said. He did not attack the "qualifications" of McCourt. "I dare say that almost 99 per cent of the lawyers in the Third Judicial District have never heard of Mr. McCourt; know nothing about his qualifications other than that which has been suggested here today," Martocci said. Martocci said the man nominated should "rightfully come from Ulster County," and named Stapleton who has practiced law since 1939, is a past president of the Ulster County Bar and also of the Ellenville Bar Association. He has also been corporation counsel of Ellenville for several years.

McCourt was also challenged temporarily by the Schoharie County delegation which placed the name of David B. Alford of

Middleburg in nomination but later gave McCourt its votes and asked for the unanimous nomination after the first roll call.

Ulster Walks Out

Despite a suggestion by Neile F. Towner, Albany, and permanent chairman of Democratic judicial conventions in the Third District since 1925, that the convention go on record for the nomination of McCourt, the Ulster group from the floor stated "we do not consent to the nomination" and left the meeting.

Sullivan County was not represented at the Democratic meeting. Albany gave its 34 votes to McCourt, along with Rensselaer which gave him its 12 votes. They were joined by Columbia and Schoharie.

All for Elsworth

While the Democratic convention was in a state of revolt, the Republican convention, meeting in the same building, named Justice Elsworth by unanimous vote for a second term.

Justice Elsworth was nominated by George Rusk, who for many years has maintained a law office in Marlborough and also in Kingston. He is counsel to the Kingston Trust Company. The Rusk family has long been engaged in the practice of law in southern Ulster where his father, John Rusk, practiced law for years and his brother, John Rusk, Jr., still practices law.

In placing the name of Justice Elsworth before the delegates Rusk said:

"Judge Elsworth was born, reared and educated in Ulster County. His first occupation was teaching school. He then attended and graduated from Albany Law School, but his entry upon his legal career was interrupted by World War I when he served 19 months in the United States Navy and was honorably discharged as a chief petty officer.

"After taking up the practice of law he rose rapidly as a trial and office lawyer and soon represented one of the largest banks in Ulster County.

Up From Ranks

"He entered politics from the ranks by being elected in 1924 and 1930 as supervisor of his home town of Esopus. He moved to chairman of the Board of Supervisors and resigned that position to become county attorney. During his leadership in Ulster County he kept the county free from bonded indebtedness.

"Judge Elsworth has an ample supply of what we country lawyers call 'horse sense.' It is becoming a scarce commodity. It (Continued on Page 12, Col. 5)

New Adult Driving Classes Set Monday

Two new driver training classes for adults will be formed Monday, September 8, at 7 p. m., in Room V-110 of the new Vocational Building.

The classes will meet on Mondays, one from 3:30 to 5:30, the other from 5:30 to 7:30 for related instruction and then in groups of four on one other day of the week for behind-the-wheel instruction.

Classes will begin Tuesday, September 9.

CORRIDOR INFORMALITY—Harold Gibbons, vice president of the Teamsters Union, sits on marble railing and James R. Hoffa, union head, leans against it as they relax in Senate Office Building corridor during recess in the Senate Rackets Committee hearing. At left is a newsman preparing to ask Gibbons a question. Murphy Makes General Denial in His Answer

Robert F. Murphy, serving a mandatory 30-day suspension from his duties as acting chief of the Kingston Police Department, today submitted an answer to the Board of Police Commissioners which includes: 1) general denial of the charges. 2) demands immediate trial, and 4) immediate reinstatement to the force.

The answer was served on Corporation Counsel William A. Kelly and all members of the police board.

Murphy was suspended Aug. 13 and the suspension automatically terminates next week.

No Comment Given

His attorney, N. LeVan Haver, who today released Murphy's answer, was not available for comment and Kelly told The Freeman that he had not read the answer.

Murphy was suspended on charges of misconduct and incompetency. A veteran of 22 years on the force, he was given 10 days by the police board to answer their charges against him and later was granted an extension of time in which to submit an answer.

He is charged with four counts of misconduct and one of incompetency.

Reuter Accuser

The counts, it was reported, include excessive drinking while on and off duty, careless investigation of dress shop robbery, failure to instruct other police properly and failure to discipline members of the force.

Former State Investigation Commissioner Arthur L. Reuter last March accused Murphy of appearing drunk on duty and using police cars to visit taverns.

Murphy also denied Reuter's charges.

Sgt. Francis J. Fagan, a member of the force for the past 11 years, was named by the police board to serve as acting chief during Murphy's suspension.

Bruhn Dismisses Charges Against 4 Tavern Owners

Four indictments charging local tavern operators with sale of intoxicants to minors have been dismissed by County Judge Louis G. Bruhn on the grounds of lack of sufficient evidence before the grand jury which returned the indictments.

The indictments dismissed are those against Robert Teetzel of The Barn, Route 28, Town of Ulster; John Gagliardi of Kozy Tavern of Kingston; Theodore Salvucci of West Hurley and Nicholas Mazziotto of New Paltz.

The matter came before Judge Bruhn on applications to inspect the grand jury minutes. However, Judge Bruhn in dismissing the indictments does not pass on that question but holds that after reading the grand jury minutes he finds there was insufficient evidence for the indictments and dismissed them with leave of the district attorney to resubmit the cases to another grand jury.

Objections to the indictments were voiced by the defendants who held there was insufficient evidence to indicate they had intent or knowledge of any violation of the ABC law since they were not present at the time of the alleged violation.

Says Nation Will View Quemoy Move as Threat

NEWPORT, R.I. (AP) — President Eisenhower today solemnly warned Red China he will not hesitate to commit American armed forces to defense of the Nationalist offshore islands if he finds that necessary to the security of Formosa.

The President's position was set forth by Secretary of State Dulles in a statement authorized by Eisenhower after they had conferred at the summer White House for 1 hour and 45 minutes.

Dulles said Eisenhower will not

hesitate to conclude that Formosa, the main Chinese Nationalist bastion, is threatened under an attack on Quemoy, Matsu and other offshore islands.

Dulles stressed that Eisenhower has not yet made any such finding under authority conferred on him by Congress.

"Presidential determination, if made, would be followed by action both timely and effective," Dulles said.

U. S. Still Hopeful

Despite the persistent bombardment of the Nationalist islands by the Reds, and Communist China's announced intention to invade, Dulles said the United States has not abandoned hope that the Communist government "will stop short of defying the will of mankind for peace."

Dulles added: "The President and I earnestly hope that the Chinese Communist regime will not again, as in the case of Korea, defy the basic principle upon which world order depends, namely that armed force should not be used to achieve territorial ambitions."

"Any such naked use of force would pose an issue far transcending the offshore islands and even the security of Taiwan (Formosa)."

Dulles went on to say any such development "would forecast a widespread use of force in the Far East which would endanger vital free world positions and the security of the United States."

Meanwhile a high U.S. official at the summer White House said the United States would intervene swiftly if it thought the Formosa Strait situation was out of hand—that is, if the Nationalist Gen. Chiang Kai-shek's forces could not handle it by themselves.

Dulles stated the U.S. position at a jammed news conference attended by some 70 reporters and TV-radio people in a room only a few feet from the President's office.

The United States already is bound by treaty to help defend the main Chiang Kai-shek bastions—Formosa and the nearby Pescadores. But Congress has given Eisenhower discretion whether such defense calls for fighting too for Quemoy, Matsu and other smaller islands held by the Nationalists.

U.S. policy for months has been to keep the Reds guessing.

Eisenhower is reported considering an indirect appeal to the Peiping government to renounce use of force in the Far East crisis except in self-defense.

Still See Bluff

Most U.S. officials clung to their belief the Red Chinese were bluffing in threats to invade Quemoy. But they seemed less certain that they were two weeks ago.

Dulles spent much of Wednesday in Washington discussing the Far Eastern situation both with diplomats and with military men. One of the conferences included Secretary of Defense McElroy; Undersecretary Donald A. Quarles; and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff. Dulles sought their views on the situation.

5th Shrine Visit In Port Ewen Is Scheduled by ILA

The fifth annual pilgrimage of the maritime industry to the Shrine of Our Lady of the Hudson on the grounds of Presentation Church in Port Ewen will be held Sunday.

The annual event is again sponsored by the International Longshoremen's Association and will be under the guidance of Monsignor John J. O'Donnell, chaplain of the Port of New York. Leading the pilgrimage will be Captain William V. Bradley, ILA president, and other officers of the union.

To Berth at Miron Dock

The Hudson River Day Line steamer Peter Stuyvesant will leave New York City at 8:30 a. m., and dock in Kingston 1:30 p. m. Holy Mass will be celebrated on board the steamer by Monsignor O'Donnell.

The Stuyvesant will dock at Miron's dock in the Rondout Creek where a civic reception will be held to greet the arrivals.

The welcoming committee will include the Very Rev. Joseph J. Comyns, CSSR, rector of Mt. St. Alphonsus Seminary, the Rev. James S. Kelley, CSSR, parish priest of the Port Ewen church, Supreme Court Justice Roscoe V. Elsworth and Mayor Edwin F. Radel of Kingston.

Will March to Shrine

Representing the members of Presentation parish will be P. Gerard Murphy, president of the Holy Name Society, and Mrs. Paul Beaver, president of the Presentation Women's Club.

After the brief reception in Kingston, the pilgrimage will go by bus to Port Ewen where a parade to the Shrine will be organized north of Canal Street. The parade will proceed down Route 9V and turn off to the Shrine grounds by way of East Stoudt Avenue.

Father Murphy to Preach

The special sermon for the occasion will be preached by the Rev. James L. Murphy, CSSR, a Kingston native who returned from the missions in South America. The sacred music will be by the Mt. St. Alphonsus seminary choir.

The religious services at the Shrine will close with Benediction. (Continued on Page 12, Col. 7)

Kremlin Support May Mean Peiping Set for War Risk

EDITOR'S NOTE — James D. White, writer of the following dispatch, is an old China hand. He attended school in Peiping, joined The Associated Press there in 1936 and remained in China until 1942. After the war he returned to China for a period in 1948 and 1949 and is now assigned to the AP staff in San Francisco.

By JAMES D. WHITE

SAN FRANCISCO (AP) — The Soviet Union's tough expression of support for Red China's threat to conquer the offshore islands of Quemoy and Matsu may mean that China, with Soviet backing, is prepared to risk a regional war in the Far East.

Pravda warned this week that the Soviet Union will go to the aid of Red China if there is a clash over the islands, recalled "unbreakable bonds of fraternal friendship and cooperation," and promised China "the necessary moral and material help."

This no doubt refers to the Chinese-Soviet treaty of 1950, a commitment the Soviets are bound to fulfill if they choose to interpret any clash as American aggression. The Soviet Union cannot afford openly to let a Communist ally down.

The risk of a regional war they are involved, especially if the U.S. 7th Fleet goes into action.

As to why the Chinese and the Soviets chose this particular time to launch such an adventure, there are numerous reasons having to do with a broad synchronization of Communist offensives in the Middle East and the Far East. The key reason may be communist belief that a phase of expansion now might be reasonably safe, whereas it would not be safe later on, when the United States has developed an intercontinental ballistic missile.

Since the earliest date speculated for American development of such a weapon appears to be no sooner than 1960, the Communists may think they have more than a year in which to flex their muscles and possibly achieve all or part of a major ambition. This is to dislodge American power from bases abroad — the bases in Europe, North Africa and the Middle East, and along the western Pacific perimeter stretching down from Japan through Okinawa, Formosa and the Philippines.

If Red China somehow can get Formosa — even by next summer — the political repercussions in Japan, the Philippines and Southeast Asia would offer a fruitful field for exploitation. Already Filipino officials are discussing publicly a policy of not getting involved in any scrap over Quemoy unless the Philippines are directly menaced.

REDS SAY THESE DOGS MADE SPACE FLIGHT—This picture of two dogs appeared Sept. 3 in Russian publication Pravda which said they went 281 miles into space in a Soviet rocket last week and were brought back to earth safely. Publication said they were shown in cabin

during flight in picture presumably made by automatic camera with which their cabin was equipped. No mention was made of significance of clock between them. (AP Photo by radio from Moscow)

DA Office Asks For Tape, Money Records From '21'

NEW YORK (AP)—The district attorney's office has asked for tape recordings and financial records of the television quiz show "21," as a result of a charge by former contestant Herbert Stempel that the program was rigged.

The recordings apparently will be used to match Stempel's own voice with a voice on tape concerning a purported conversation between Stempel and Dan Enright, a co-producer of "21."

\$18,500 Advance Pay
Enright said Wednesday that the 31-year-old Stempel was given \$18,500 of his winnings in advance when the latter threatened to quit the program.

Stempel eventually left the show in 1956 with \$49,500 after losing the 31-year-old Stempel was given \$18,500 of his winnings in advance when the latter threatened to quit the program.

Enright said of the advance payment: "He (Stempel) told me if he didn't get the money he would have to quit the show immediately. I gave it to him without questioning him because at that point the show needed him."

\$50,000 on the show, but on "21" a contestant's winnings are always at stake and over a period of time—his winnings could be wiped out. On the other hand, a contestant is free to quit with his winnings at any time.

Barry and Enright have said that Stempel, long after he was off the program, tried to blackmail them by announcing that he would make public charges that the show was rigged.

Barry and Enright earlier this week produced a tape recording in which a voice, presumably Enright's was heard to say "a blackmail scheme" was afoot and asked, "Do you agree?"

Denies Saying 'Yes'
A voice purported to be that of Stempel replied, "Uh, yes."

Stempel charged Wednesday the tape recordings "have been doctored."

He said he had a conversation with Enright on the date specified—March 7, 1957—but added: "I insist that I did not say yes when Enright asked me the question about the blackmail."

Asked what he did say, Stempel replied: "I don't remember. I might have said no or emphatically not."

'Mixed Greens'
When a recipe suggests you use "mixed greens" in a salad you may choose among Boston lettuce, iceberg lettuce, water cress, escarole, endive, chicory, corn salad and romaine.

Instead of CROUTONS
Budget Minder: Roll out scraps of pie dough and cut into tiny rounds with the top of a metal boudin can and bake; serve with soup instead of croutons.

Boost for Show
"He was the first contestant who had remained on for a number of weeks in a row. He was establishing an identity for the show and we couldn't afford to lose him."

At the time, Stempel was ahead

Morehouse Sees GOP Victory

NEW YORK (AP)—Republican State Chairman L. Judson Morehouse said today the GOP state ticket will be elected and will "re-establish New York as the Empire State, prosperous and expanding."

He said the candidates, headed by Nelson A. Rockefeller for governor, "will revitalize the state government with vigorous competence."

Morehouse, who is state GOP manager, made the remarks in advance of the formal opening of state campaign headquarters at the Hotel Roosevelt scheduled for late today.

Light Wins Out

NEWARK, N.J. (AP) — Hattie Levin has a lot of light on her "little patch of green" today.

But she's blue, for the street-light shining on her lawn is symbol of defeat.

The spunky housewife fought

with all her might to keep the front of her home dark and homey.

She even chased away a group of workmen when they started digging a hole for the lightpole.

Officials explained the light was needed as part of a citywide program to cut down on night crime and traffic accidents.

Auburn Sailor Dies in Crash

SALEM, Conn. (AP)—Two submarine base sailors were killed and two others injured today when a car struck a tree after leaving Highway Route 85 here. The vehicle landed in a swampy area.

Killed were Burlon Batton, 19, of Grottoes, Va., and James Roto, 19, of Auburn, N. Y.

Injured were John Lynch, 18, of Teaneck, N. J., the driver, and Harold Johnson, 19, of Ashforth, Minn. They were treated for injuries at a New London hospital and removed to the submarine base.

All four were attached to the submarine tender Fulton.

Navy Man Fails In Suicide Try After Killing Two

NEW YORK (AP) — A Navy machinists mate attempted suicide in a Manhattan hotel Wednesday after he killed his wife and their year-old daughter and buried them in a shallow grave near the family's Maryland farm home.

Machinists Mate I.C. Harry E. Dunn Jr., 29, was found in a Seventh Avenue hotel (Yorke) when he called for help. One wrist was slashed and he had swallowed 90 aspirin tablets.

On his way to a hospital, police said, Dunn, stationed at the Bainbridge, Md., Naval Training Center, blurted out: "You think I've got it tough? You don't know how tough I've really got it. Listen..."

Tells of Arguments
Then, authorities said, Dunn told about arguing with his wife, Betty, 29, all through Tuesday night, of her refusal to give him a divorce. Finally, Dunn was quoted as saying, his wife put their five children to bed and retired herself.

Police gave this account: Dunn said he couldn't get to sleep. He got an auto jack. He struck his sleeping wife with the heavy implement.

"She didn't move any more," he said. "Then Jo-Ann started to cry. I hit her on the head with the jack. She was quiet."

"I intended to kill the other four kids. But how could I? I love them."

He and his wife quarreled continuously, Dunn said, because she "let herself and everything else go," adding:

"She didn't take care of the kids; she didn't clean them. I was ashamed of them. She refused to clean the house and I was ashamed of that, too."

Dunn arrived at the hotel here Wednesday morning. It was mid-afternoon when he summoned help after the suicide try. He said he lost his nerve.

The bodies of his wife and daughter were discovered by Sam Plummer, owner of the farm on which the Duns lived. Plummer was milking his cows yesterday morning when the four older Dunn children came to him asking for their mother.

Dunn, in good condition at a hospital, was booked here on a homicide charge and held for Maryland authorities. Earlier in the day a murder warrant was sworn out for Dunn at Northeast, Md., near his home.

Dunn, a 12-year Navy man, formerly lived at Gansevoort, N. Y. Police said they were told his parents reside at Fairground Heights, Springfield, Vt.

Man Admits Stabbing Of Married Woman

NEW YORK (AP) — Charles Humberto Rodriguez, 21, admits he stabbed to death Mrs. Arlene Ross Yaros, police say.

Rodriguez, of Middle Village, Queens, made a statement to Asst. Atty. Philip J. Chetta Wednesday night after being taken to the death scene opposite the victim's home at Bayside, Queens.

Rodriguez was booked on a charge of homicide in the death of the 21-year-old married woman.

Traced by FBI agents, Rodriguez was arrested Tuesday in North Bergen, N. J., and brought back to New York City. He and his victim were fellow workers at a drive-in restaurant in Queens.

Police gave this account of the reported confession: Rodriguez said he and Mrs. Yaros argued after he drove her home early Tuesday, that he attempted to make up, she struck him on the head with her pocket-book and he stabbed her in anger.

Rodriguez said the argument had stemmed from the woman's accusation that he had been paying attention to other women.

Police said the pair had been having dates since the woman started work at the drive-in three weeks ago.

7:30 p. m.—College of Construction Knowledge, Hilco Model Home, Henry, Fair and Wall Streets. Subjects to be covered are pre-engineered plumbing and heating materials, wiring the home with schematic diagrams. Public invited free of charge.

Kingston Squadron, Civil Air Patrol, Lawton Park.

8 p. m.—Rosendale Library Association, regular meeting at library.

King's Knight Chess Club, 265 Wall Street.

Modena

MODENA — Public Health Nursing Committee will open its fall program with a meeting Tuesday evening, Sept. 2, at 8 p. m. at the home of Mrs. Simon DuBois, Colden Hill Park, Newburgh. Mrs. DuBois was former secretary of the unit.

Local students attending Modena, New Paltz and Wallkill Schools will resume their studies Wednesday when classes will be in session all day except kindergarten. An all-day faculty conference was held Tuesday and the full-time teaching and supervisory staff of 66, includes two local teachers, Mrs. Maebath Black and Mrs. Jean Mulvihill.

Miss Donna McNicholas, daughter of Mr. and Mrs. Donald McNicholas of the Ardona section, will leave town next weekend for Brockport, near Rochester, where she will attend college. Miss McNicholas is a member of the 1958 graduating class of the Wallkill Central High School.

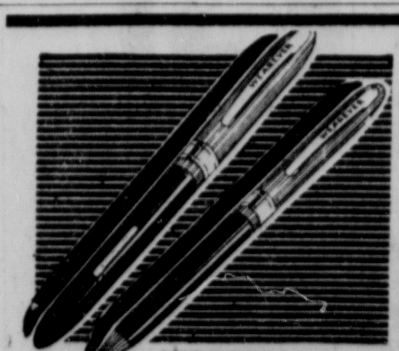

Mr. and Mrs. Simon Mouzithras, Mrs. George Mouzithras and daughter Despina, of New York, visited relatives in town Monday. Despina Mouzithras remained for a week's vacation.

The daughter born Thursday, Aug. 14, to Mr. and Mrs. Leslie Turner of New Paltz, has been named Jo Anne. Mrs. Turner is the former Kathryn Kalamucki of Modena.

Mr. and Mrs. George Lare and son Donald of Gardentown, frequent visitors in town, enjoyed a trip to Niagara Falls last weekend.

Weighty Sextet

DE PERE, Wis. (AP) — Six bronze bells, cast in Holland and ranging in weight from 2,640 pounds to 310 pounds, have arrived at the St. Norbert Abbey here for installation in the tower. The bells are named, in order of descending weight, for the Blessed Virgin Mary, St. Norbert, St. Joseph, St. Hubert, St. Stanislaus and St. Milo.

Area Appraisers To Hold Dinner Meeting Sept. 10

"What the Lending Institution Expects of the Appraiser" will be the topic of a talk to be given by James E. Gibbons, assistant vice president of the East New York Savings Bank, before the next dinner meeting of the Mid-Hudson Chapter, Society of Residential Appraisers, at the Hotel Newburgh Wednesday, Sept. 10, at 6:45 p. m. Officials of all banks and savings and loan associations in the five-county area serviced by the Mid-Hudson Chapter have been invited to hear Gibbons' address and to participate in the question-and-answer period which will follow.

"Many other guests are expected" said program chairman Robert D. Glanz, "as the topic is very timely and of interest to builders, lawyers, investors, real estate agents and all persons connected with real estate and its financing. Gibbons is a recognized expert and he has instructed many classes in appraising as well as advanced courses in appraising. He is now serving as

president of the Greater New York Chapter of the Society of Residential Appraisers."

Members of the Mid-Hudson Chapter of the Society reside in the area of Orange, Dutchess, Ulster, Greene and Sullivan Counties but recent applicants have come from as far as Schenectady.

International Group

The Society of Residential Appraisers is an international professional group organized for the purposes of raising the standards of residential property valuation, providing members with appraisal information, and advancing the professional standing of residential property appraisers.

Reservations for the Sept. 10 dinner meeting at Newburgh may be made at Glanz's office in New Paltz.

An appraisal course in the "Principles and Techniques of Residential Appraising" will be sponsored by the Mid-Hudson Chapter at Newburgh starting Oct. 1, it was also announced. The course will be offered to non-members as well as to members of the Mid-Hudson Chapter. It was reported by Joseph Dinkin, Middletown, president of the Mid-Hudson Chapter, who has been designated as the instructor for this series of seven sessions to be followed by an actual appraisal.

KINGSTON, NEW YORK, SEPTEMBER 4, 1958

DEMOCRATIC FAMILY ROW

The Democratic party seems bound to feel some effects nationally from an event which occurred in the thick of battle at the party's recent state nominating convention in New York.

The incident was the bitter wrangle over a choice for U. S. senator, finally resolved in favor of Manhattan District Attorney Frank Hogan.

The contenders in the affair were Gov. Averell Harriman and New York's Mayor Robert Wagner on the one side, and Tammany chief Carmine De Sapio and other New York City and county leaders on the other.

Hogan's nomination was a smashing victory for De Sapio over Harriman and Wagner, who favored candidates considered more liberal than Hogan. Neither the governor nor the mayor sought to conceal the fact they had lost this important engagement.

To begin with, this creates a rift which a good many in the New York party—a powerful segment of the national organization—say may not be healed for a long time. Republicans already have started to exploit the issue with the old cry of "boss domination."

This situation alone automatically has national result because of New York's importance. But there is another factor.

Normally, in either party, a governor of a big state who has just been chosen to run for a second term is riding high in full command. It is he who calls the turn, and no other. He holds the whip hand of patronage, and can apply other punitive leverage against those who buck him.

In this instance, Harriman, chief executive of the nation's most populous state, found he could not exercise that power—even though backed by the twice-elected mayor of the country's biggest city.

Unless he hereafter takes not one but many steps to reestablish his mastery, political observers believe his prestige and influence both within this state and nationally will be seriously weakened.

Though still given small odds in his bid for re-election, the governor's chances may have been somewhat tarnished. Even if he makes it all right, damage will have been done to any lingering hopes he holds for a presidential nomination on a third try in 1960.

Beyond this, New York's voice in Democratic councils may prove to be confused and muffled. And that would be a strange situation for a state so accustomed to political eminence.

ALASKA'S ON THE WAY

There was no element of surprise in the outcome of the Alaskan vote on statehood. Alaskans have wanted full partnership in the Union for a long time, and now they have said so at the polls by a margin of more than five to one. The great majority of Americans are united in welcoming the 49th state, as we do now.

The referendum marked the end of a prolonged battle for recognition of Alaskans' claim to enjoy the full rights of American citizenship. It also marked the beginning of an exciting period of development of the great northern territory as its residents exercise those rights.

It is a fair guess that Alaskans generally realize, too, the responsibilities that go along with the privileges of full citizenship. They are a hardy breed accustomed to an environment which, though not as hostile as the common picture has it, does not smile on weaklings. They will bear their responsibilities cheerfully.

The biggest need of Alaska now is greater economic strength. It needs more capital investment, more industry, more productive work for its people. These things will come as the potential of Alaska becomes increasingly apparent. They will come more rapidly now because Alaskans voted for statehood on an August day in 1958.

'These Days'

By GEORGE SOKOLSKY
FLANDERS ON ISRAEL

Senator Ralph Flanders of Vermont is a stern New Englander, who recently discussed for the benefit of the "Congressional Record," the question of the Arabs and Israel. What worries the Senator is this:

"The critical element in the situation is the present and proposed population of Israel as compared with the territory and resources which it occupies. I have been told by Zionists that the aim is to pack 3 million inhabitants into territory of 7,984 square miles, which is smaller than my own State of Vermont."

This is a fallacy which has been disproved many times. The relationship of the food supply to the population of an agricultural community is horizontal and depends upon the fertility of the soil. The population of an industrial community can be vertical, increasing the density per square mile to that of Japan or Holland or for that matter, New York City. Factories and lofts can be built upward but wheat grows on the surface. Some day, when chemistry really becomes practical, it will be possible to grow food in factories and that will solve the population problem as it relates to food.

At any rate, engineers who have studied Israel, recognizing that it is likely to develop into a mixed agricultural and industrial community, with a total utilization of such a desert area as the Negev, believe that a population of 3,000,000 can live in Israel on a higher standard of life than any neighboring country—which is not saying too much.

What Senator Flanders wants to do about it is most interesting. He says:

"... When the immigration policies of Israel were directed toward making a home for refugees, it was proper to have those activities supported by tax-free American contributions. The present policies are not refugee policies. They are the policies inherent in the Zionist program—an ingathering of the Jews from all over the earth. Whether they are oppressed or not, whether they are needy or not, matters not so long as they are Jews—bring them into the new Zion no matter what injustices are perpetrated on the former owners of the land. Not one penny of tax-free American money should go into this project."

It apparently matters little to the Vermont Senator that he does not tell the truth. Israel is not a product of a refugee movement. The cry for the restoration of a Jewish homeland in Palestine goes back to 70 A.D. when the Temple was destroyed and has been continuous since then. There have always been Jews to whom Jerusalem was precious; there have always been Jews—even when the Temple flourished—who despised their ancestry and turned to Greek gods or Roman gods as some now turn to Mammon or Lenin.

But the mass of the Jewish people in each generation turn their hearts to Israel and, even weeping, feel that there is a heritage of which one can be proud.

Perhaps Senator Flanders cannot understand that, but I have seen loyal Irishmen who have never seen the Old Sod and whose ancestors fought with Mad Anthony Wayne in the Revolution, shed a tear as St. Patrick's Day they sang, "When Irish Eyes Are Smiling."

Old peoples have pride in their heritage. Perhaps that is what makes them an old people. The Jew of American birth and ancestry, perhaps some who have been in this country since the Revolution, whose ancestors have fought in all our wars, may yet feel that where David sang and Solomon reigned and the Prophets spoke their wisdom and where even Jesus trod the earth with His disciples, is a land that is not to be forgotten.

If an American, Jew or Christian, gives a dollar to an Israeli institution that gains a tax free benefit, he does no less than when he gives for an American hospital in France or to an American school in Lebanon. Senator Flanders would stay the hand of charity. He poses as a friend—mark the words:

"As a personal friend of hundreds of Jews; as an admirer and lover of the Jewish race, fully appreciative of its surpassing contributions to civilization in commerce, in philosophy, in literature, and in the arts, I beg of the Jewish people that they do not destroy themselves."

How often in Jewish history have such words been spoken! The words are those of Jacob; the lips are those of Esau.

(Copyright, 1958, King Features Syndicate, Inc.)

★ Dr. Jordan Answers ★

Buzzing Sound in Ears
Can Be of Either Physical
or Nervous Origin

BY EDWIN P. JORDAN, M.D.
Written for NEA Service

Many correspondents have written about the unpleasant symptom mentioned in today's first letter.

Q—I am extremely annoyed by a buzzing sound in my ears which seems to be getting worse. I am 62 years old.—J.C.

A—A number of possible causes must be considered, including disorders involving the ear, the nervous system, or the circulatory system. Tests should be made for a condition of the inner ear known as Meniere's disease, and other ear examinations are in order. Tests of the nervous system are indicated.

General examination, including measurement of the blood pressure, should be made. Not infrequently a physical cause cannot be discovered and in such cases buzzing, ringing or humming in the ear or head is perhaps related to emotional tension. In such tense persons the sound is likely to disappear during sleep or when attention is distracted.

Q—Would you please say something about bee or wasp stings? I was stung by one of them on the arm and right after it happened my throat got dry and my face swelled up for about an hour.—J.T.B.

A—A good many people are extremely sensitive to insect stings or bites. B's description indicates that he is among those who are hypersensitive, or allergic. Particular care in avoidance of stings is desirable. If the writer knows whether it was a bee or a particular kind of wasp which stung him, it might be possible to have extracts made and to take them in tiny quantities by injection so that he would be desensitized and in less danger in the future.

Q—I am a ruminant, or in other words I chew my cud like a cow. I am past 70 years old and have done this all my life. Would you kindly discuss it?—W.R.

A—A person who is a true ruminant is a medical curiosity. This is a condition in which there is unconscious regurgitation of food from the stomach. Minor regurgitations are virtually normal in infants, but the origin in grown-ups is obscure. Possibly this may be a carryover of infantile patterns into adult life.

Q—Could tarry intestinal waste sometimes streaked with blood be a sign of cancer?—Mrs. A.

A—This is a sign of bleeding somewhere in the digestive tract. It can be from ulceration, from cancer, or from something else.

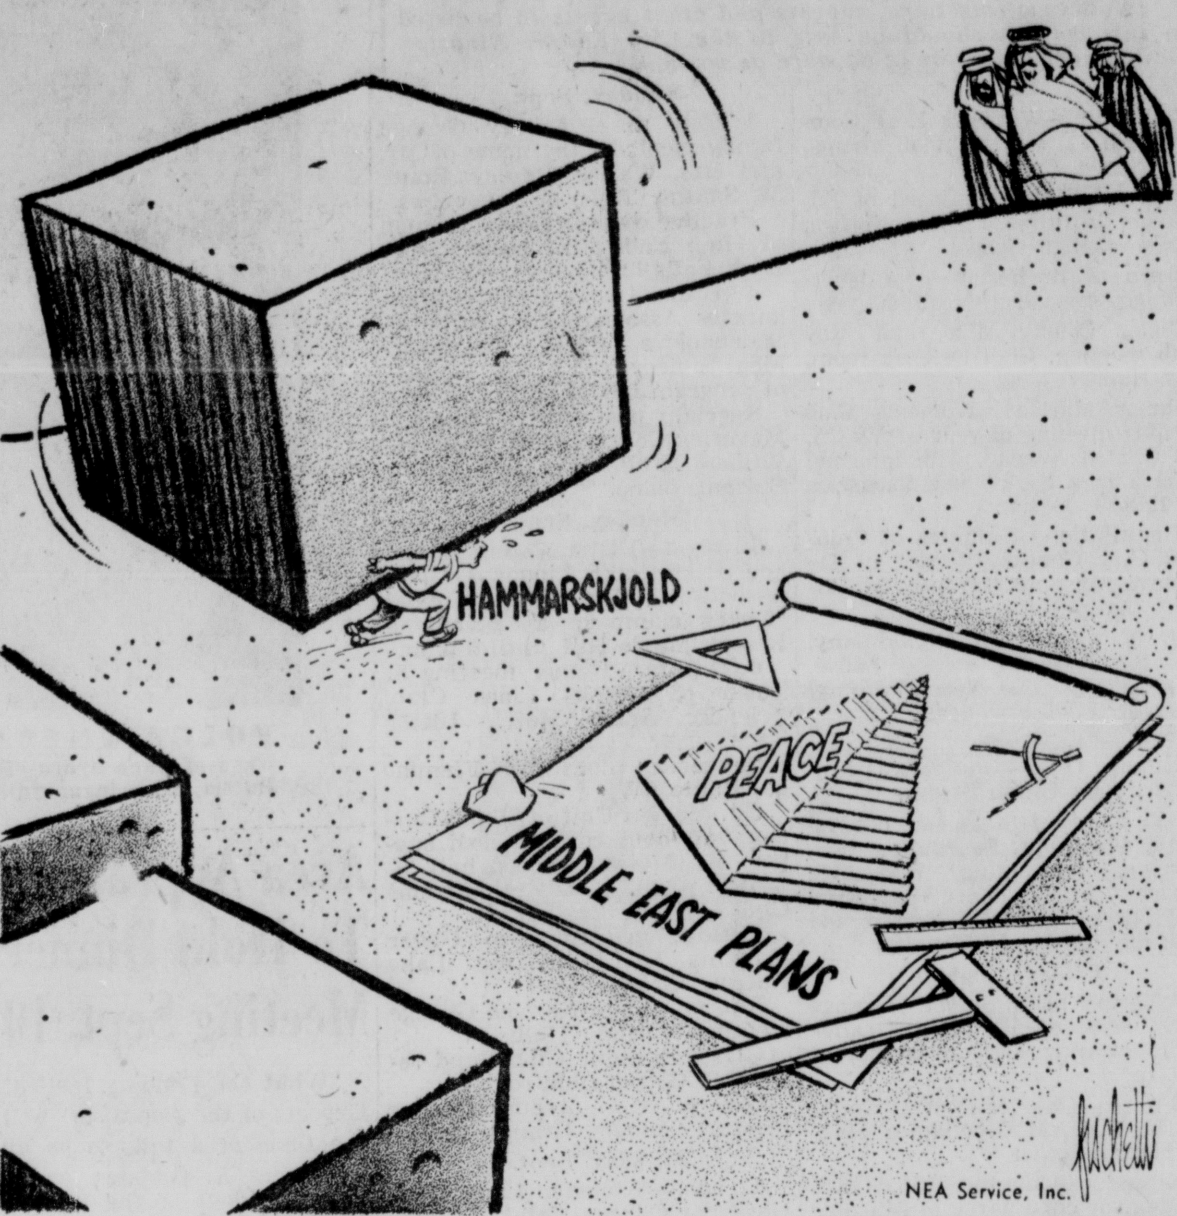

Q—Please give some information concerning the skin disease, "dermatitis herpetiformis."—Mrs. W.L.

A—It's cause is unknown. There are several treatments which are quite effective so far as the skin eruption is concerned, but in order to keep patients free of symptoms they generally have to maintain treatment several times a day for a period of years. More effective preparations are needed.

Note On Questions

Dr. Jordan is unable to answer directly individual questions from readers. However, once a week in this "Q & A" column he will answer the most interesting and the most frequently asked questions received during the week.

Formidable Job Ahead

Washington News

By PETER EDSON
NEA Washington Correspondent

WASHINGTON — (NEA) — The consensus is that it's a good thing President Eisenhower is getting away on vacation.

This year has been a long, hard eight months, with a hostile Congress yanking at him all the time.

It will do him good to get out of Washington for a month, even if it isn't to take things easy.

He won't be able to get away from work. As he told his last press conference before taking off, he had some 200 bills to examine. They were passed by Congress in the final rush. Just to read them, let alone understand them, might take a month.

Such stuff isn't exactly light vacation reading. All the research and checking on the new laws will be done by the working staff left in Washington to sweat them out. They will be flown up to Newport with recommendations to sign or not to sign. Only a few will require deep study.

But there will be plenty of troubles in the nation and the rest of the world to keep the long distance wires, the cables and the shuttle planes and couriers hot, and to call like off the golf course frequently.

Arkansas, Formosa, Middle East, Supreme Court, Virginia, Russia, integration, segregation, atom tests and atoms for peace, United Nations—Russia—missiles, moon shots, how to cut next year's budget, how to get the Marines out of Lebanon—Russia.

Also, there's politics, beginning with the Maine election Sept. 8. The President will have all of September to decide how active he'll be in the campaign in October.

The President seemed relaxed and happy enough at his last press conference. He smiled and got a big laugh when Andy Tully asked him about the Washington ball club "threaten-

ing or promising" to leave town.

The President didn't even blow his top when he was asked if it was true—as Newsweek's had told friends in private that integration should proceed more slowly. The President made his attitude clear on that without getting mad even though it was a touchy point.

The President was so relaxed, in fact, that his words rolled out in more uncontrolled torrents of enthusiasm than usual.

For instance, what do you make of this part of an answer to a question on the attorney general's brief before the Supreme Court on the Little Rock appeals case:

"Now, my own convictions were expressed succinctly. I think, last week when I gave you a written one, and I am sure of this: that in the general case there is no chance that there will be great divergencies in between what the attorney general expresses and what I believe."

Or consider this 10-command sentence out of an answer on how the new International Development Association will work:

"Now, it is possible, if we can help out through the association such as this, by getting these soft currencies and, possibly, a small amount of hard money, that loans that otherwise would be impossible to make, but which have a very worthy project, would have a very beneficial effect, why, they could take place."

And then, in the final question of the conference, the President was asked about "the gap" between American and Russian production of ballistic missiles in the next few years.

The President never did get around to talking about Russian missile production schedules. But he did deliver this last sentence before Marvin Armstrong said, "Thank you, Mr. President."

"So while, if there is 'any gap,' I am certain that our enormous strength in fine, long-range air-

planes is—I say it isn't a 'gap'—it is—if the rate of development is not as rapid as you might see it, just if you are talking about money won't do it, in my opinion the airplane takes care of that deficiency."

Well, the schools are opening in September—in most states, that is. And one of the tests for admission might be the ability to parse the sentences quoted above.

So They Say..

Death is merely a parting. That's what I've preached all my life. Now I've got an opportunity to prove that I sincerely believe in what I've preached.

—Rev. Ora A. Spencer, 58, of Peoria, Ill., who is dying of cancer.

Any attempt to establish the kingdom of God by means of the politicians of this world must fail. It is an attempt to make Messiahs, Christs, out of the politicians of this world.

—Nathan H. Knorr, Jehovah's Witness leader, condemning support of League of Nations and United Nations by organized Christianity.

They (women employees) should be sent right back to the kitchen, and their positions filled by unemployed college graduates.

—Representative Lin Yuan-Tsan on women employed by the Formosan provincial government.

BARBS

BY HAL COCHRAN

Some wives figure they could make real good use of one of the golf clubs hubby takes to the course every weekend.

Sometimes it appears that little kids love to get all dressed up just so they can get dirty.

Summer bugs made their appearance in June and in July we all started going bugs.

Life is still what you make it whether you make much or little.

Questions -- Answers

Q—Which is the largest family of mammals?

A—There are more kinds of rodents — 6,400, in all — than there are members of any other order of mammals.

Q—How many planets circle the sun inside the earth's orbit?

A—Two—Venus and Mercury.

Q—How did the Orange River in the Union of South Africa receive its name?

A—It was named for the noble of the Dutch House of Orange.

Q—Is Pocahontas buried in America?

A—No, she is buried at Gravesend, England, where she died in 1617. A statue will be erected there this year by the Commonwealth of Virginia.

Enough's Enough

AUSTIN, Minn. (AP)—Rising taxes? A rural school district near here has eliminated them entirely for next year. The district board looked at its \$6,000 bank balance and decided it was enough for 1959 operations.

Optimistic Outlook

BALTIMORE (AP)—As the wedding caravan careened noisily around the corner you could read the big sign on the back of the leading sedan: "Just Married—Watch Baltimore Grow!"

Today in World Affairs

British Race Riots Traced To Communist Agitation

By DAVID LAWRENCE

WASHINGTON — Just as the Communists have had a hand in fomenting riots and bombings in the Southern states of this country, they now have managed to accentuate racial friction in Great Britain.

Occasional clashes between negroes and whites have occurred before in England, but the events of the last fortnight show a pattern of stimulated conflict that fits in with the Communist tactics in other parts of the world.

The usual technique is to seize upon any antagonisms and bring in agitators to aggravate the tensions. What has before been a dormant issue suddenly becomes explosive.

The Communist apparatus doesn't work directly in such situations. It operates through intermediaries. Thus, the persons who are involved firsthand in the riots are, as a rule, unaware of the methods by which they have been inflamed.

This is not a new mode of warfare. It was practiced with telling effect in foreign countries by the Nazis prior to World War II. It is not easily detected. One reason is that the infiltrators work through "right wing" as well as "left wing" organizations.

Their principal aim is to intensify already troublesome situations, and it doesn't require an army of agents to kindle a fire where the sparks are smoldering.

The history of the British riots fits in with the happenings elsewhere. At first there are public speakers who agitate under the protection of freedom-of-speech doctrines. Few people are aware of what's going on. The newspapers don't notice it in the early stages. Then, when the issue is fully expounded, persons who display a fanaticism on the subject appear on the scene. It doesn't take long to develop a mob spirit.

In this country, the House Committee on Un-American Activities has uncovered instances of Communist instigations or riots and bombings in the South in connection with the "segregation" controversy. Organizations concerned with the defense of Negro rights find themselves indignantly denying that any of their members are Communists and openly repudiating such influences. So do the Ku Klux Klan leaders deny any Communist connection. But such organizations themselves are unable always to detect the means by which outside influences work their way into their ranks.

Biggest Communist Aid

If the Communist apparatus wants, for instance, to plant an idea in the mind of "left wing" spokesmen—a senator or representative or a newspaper editor—the last person ever selected for such a mission would be a known or suspected Communist. The procedure usually is to stir up the "left wing" organizations

and encourage them to send emissaries to carry on the battle. The same issues might have been espoused anyway, but normally it would take a much longer time—sometimes years—to bring them to a climax.

One of the biggest aids given to the Communists comes from those who can be counted on to pooh-pooh it all. A significant illustration of this appeared in connection with the recent demonstrations against Vice President Nixon in Latin America. There was a tendency in some quarters in this country to belittle the Communist part in the whole affair or to pass it off as having no Communist connection. Actually there has always been anti-American feeling of some kind in Latin America, but the people there are by nature much too polite to demonstrate in the manner reported during the Nixon trip. The Communists, however, knew long in advance that the vice president was coming. They prepared to arouse the students in the universities—a favorite point of contact—and the plot worked.

The similarity of the signs and placards used by the Communists in "demonstrations" in various countries gives away the game. The language of anonymous phone calls in connection with the bombing of a Negro school and a Jewish synagogue in Jacksonville, Fla., in April of this year was the jargon of the dedicated Communist. The formal report of the grand jury investigating a bombing during race troubles in the Louisville, Ky., area in 1954 pointed out that "this case seems to follow the pattern used by the Communist party to create trouble between the respective races in this country."

The Communists are astute enough to utilize race or religious differences to their advantage. Who it might be asked, pays for all the literature against certain religious groups distributed throughout the world and also for the agitation carried on by selected speakers who link those religious groups with governmental policy in the United States, the Middle East and elsewhere? It's all part of the design of the Communists who do their damage by working inside both factions in every controversy, whether it's in Cyprus or Algeria or India or Egypt or Malaya or the Philippines or Japan.

There's scarcely a country in the world in which the Communist apparatus isn't secretly at work stirring up trouble. Thus the fomenting of race riots in Britain was a "natural" for the Communists. They are bent on creating embarrassing episodes and causing friction inside the British parliament by arousing the colored peoples by urging British rule in Asia and Africa and in British Commonwealth countries. HIGHLAND NEWS

HIGHLAND — The Rev. L. Wayne Dunlap, pastor of the Methodist Church, served as dean of the Youth Institute held at Hotchkiss School, Lakeville, Conn. Steven Cotant, son of Mr. and Mrs. Harry B. Cotant attended the institute.

Mr. and Mrs. Edward McCarthy are building a new home on Christopher Avenue, off Maple Avenue. At present they are occupying an apartment on Main Street.

Mr. and Mrs. Richard Burton spent the holiday weekend at Tupper Lake.

Mr. and Mrs. Robert Zehnacker returned Monday from a weekend spent with his brother in Hyattsville, Md. They were accompanied by Mr. Zehnacker Sr.

Mr. and Mrs. Egbert Van Wagner, Miss Janese and George Van Wagner, Caldwell, N. J., spent Saturday with G. Hallock Mackey.

The closing union service was held Sunday in the Presbyterian Church with the Rev. L. Wayne Dunlap in the pulpit.

Albert Roberts has returned to his home from St. Francis Hospital, Poughkeepsie.

Mr. and Mrs. John C. Blakely and son, Thomas, have returned to their home, Norman, Okla., after being called here by the death of the former's father, Dr. Julius W. Blakely.

Mrs. Dora R. Haight, Albany, and Miss Eliza Ives Raymond returned Thursday from a visit with relatives in Oil City, Franklyn and Grove City, Pa. In the latter city they attended the 57th wedding anniversary of cousins, Mr. and Mrs. Ralston McKay Montgomery. They also visited relatives in Salisbury, N. Y.

Mr. and Mrs. Thomas Adcock left Sunday for their home in Farrington, Mich. Mrs. Adcock's brother, Lt. Frederick Bradshaw, who is with the United States Navy in Guantanamo Bay, Cuba, returned to his base. They were called here by the death of their grandfather, Benjamin Gedney. Also here were his brothers, George Gedney, Mr. Vernon and Uriah Gedney, Middletown.

The Rev. and Mrs. Justus Fennel Jr. arrived home this week after a month spent on Belle Island, Nova Scotia. The Rev. Mr. Fennel will conduct service of Holy Communion Sunday morning in the Presbyterian Church.

Alfred Hafke and Charles Andola were recently elected members of the Board of Education as the members of the board were increased from five to seven. Mr. Hafke is an attorney of the firm, Harp and Hafke, New Paltz, Mr. Andola is a fruit grower, Walter Herring, Virginia Litts Meuser, Mrs. Ruth

E. Frampton and Donald F. Halstead were also candidates for the office.

It is now expected that house delivery of mail will begin Sept. 20.

Mrs. Franklin Welker was hostess to the meeting of the UD Society Saturday afternoon.

Mrs. Marian Dishman and daughter Janet sailed Saturday for their home, Grimsby, England, after spending two months with her parents, Mr. and Mrs. Nathan D. Williams.

Mr. and Mrs. Arthur Clarke have sold their home, White Street, to Mr. and Mrs. Frank Canora who expect to occupy it. Mr. and Mrs. Clarke have purchased the house of Mrs. Jeanette Morris, Reservoir Road.

New Hurley

NEW HURLEY — Mrs. Edna DuBois is reported ill at her home here.

The Rev. and Mrs. Robert Hoeksema of Scholharie called at the home of Mr. and Mrs. William Grant Friday afternoon. Mrs. Hoeksema was the former Lucille Tyse of this place.

Miss Phyllis Siedler and friend of Poughkeepsie spent Sunday afternoon at the home of Mrs. Joseph Hess and family.

Mr. and Mrs. Margery Boyd have been entertaining her sister, Mrs. Lydia Krom of New Jersey.

The Rev. George B. Scholten of Wayne, N. J., called at the homes of Mr. and Mrs. Gerow Schoonmaker and Mrs. Edward Powell and sister Friday afternoon.

Anna Theus returned to New York Monday evening after spending two weeks vacation with her mother and family, Mrs. Joseph Hess and Mrs. Ella Gregg.

Mr. and Mrs. Valentine Garrison celebrated their golden wedding anniversary Tuesday, Aug. 26.

The New Hurley Guild will meet at the New Hurley Church Hall Saturday at 2:30 p. m.

Regular preaching services will be held in the New Hurley Reformed Church next Sunday at 11 a. m. and Sunday school at 9:50 a. m. in the church hall with classes for all ages. Both church and Sunday school will be on regular schedule.

She Put in Her Thumb

BROCKTON, Mass. (AP) — Unlike Little Jack Horner, 2-year-old Laura Jean Valley put in her thumb—into a can of potato sticks—but failed to pull out anything. Including her thumb. But Laura Jean wasn't upset when hospital doctors freed her hand and took two stitches in her cut thumb. She kept on eating the potato sticks.

Along Capitol Corridors

By CHARLES DUMAS

ALBANY, N. Y. (AP)—You're going to have to remember one thing in this Harriman-Rockefeller fight—often it's what they don't say that really counts.

At least that's the way the brand new campaign for governor is shaping up.

Both Democratic Gov. Averell Harriman and Republican challenger Nelson A. Rockefeller have a busy team of campaign propagandists at work.

Both Are Experts

These fellows are experts in the use of half truth and the carefully distorted fact. They're out to make their side look good and the other bad.

New York voters will have to be on their toes, if they don't want to be snowed under by the storm of propaganda to come.

For example, Harriman struck at the GOP this week with a charge that the Republican-controlled Legislature had cruelly chopped the adult education program in half.

The governor's carefully prepared statement, decrying last winter's budget cut, listed the sums he said each county and some major cities would lose.

Timed as it was, the statement looked like a piece of campaign propaganda calculated to turn friends of education into foes of the GOP.

There was no denying the facts. The Republicans had cut the funds.

Clever Argument

But what Harriman did not say was that the Legislature, at the same time, increased overall education aid by 53 million dollars a year. Any of this money could be used for adult programs. Actually, school districts wound up with more than Harriman himself had requested.

Nevertheless, the Democrats have a clever argument. They intend to use it.

Rockefeller has a propaganda line of his own that he means to use against Harriman at every turn—taxes.

At the GOP state convention in Rochester, he protested that, under Harriman's administration, taxes had been raised and the state debt had climbed.

This was true. New Yorkers no longer can take the 10 per cent "forgiveness" on their state income tax that was allowed before Harriman took office. What Rockefeller did not say was that the Legislature, run by Republicans, had approved all of Harriman's budgets, including abolishment of the "forgiveness" last winter.

The state debt consists entirely of bond issue borrowings for such special projects as housing and highway construction. Rockefeller did not point out that the Legislature and New York voters themselves, by referendum votes, approved all of these borrowings.

Of course, the Democrats have their own slant on the fiscal situation.

The party's state chairman, Michael H. Prendergast, likes to recount accomplishments during the Harriman administration and conclude "all this was achieved without any increase in the tax rate."

That's true enough. The tax rate has not been changed. But taxes have gone up.

Taxes are higher because New Yorkers cannot take the 10 per cent forgiveness any more. Instead of paying at 90 per cent of the full rate, you pay 100 per cent. But the rate itself hasn't changed.

So it goes. These fellows are tricky. Can you catch them?

Tar Spreader Explodes, Kills Worker, Hurts Two

ROCHESTER, N. Y. (AP)—A tar spreading machine exploded in suburban Chili Wednesday killing a young worker and injuring two other persons.

Killed was Gary McNall, 20. A co-worker, Steven Pikuett, 21, lost four fingers on his left hand and suffered hot tar burns. A boy, Douglas Keiner, 16, who was watching the two men work suffered a knee injury and shock.

Both were taken to a hospital where they were reported in good condition.

Police said the explosion was apparently triggered by heat from welding equipment which the two workers were using to repair the tar tank.

The two men were employed by a road surfacing company operated by Pikuett's family.

GE Says Shorter Work Week Plan Out of Question

NEW YORK (AP)—A General Electric Co. spokesman says a union proposal to forego wage hikes in return for a shorter work week is economically unsound from a company point of view.

Virgil B. Day, GE manager of union relations, told the United Electrical Radio and Machine Workers (Ind.) Wednesday that a shorter work week "would increase our costs far beyond current commitments."

Day added that the proposal by UE "is not warranted by current economic conditions."

The UE, at its convention here, also asked GE to defer scheduled pay increases to its members for two weeks while the company considers the proposal. GE agreed.

Both UE and the AFL-CIO International Union of Electrical Workers (IUE) have a five-year contract which calls for a 3.48 per cent increase this Sept. 15 and a somewhat smaller boost Sept. 15, 1959. The pact, which expires in 1960, has a reopening clause.

The UE was ousted from the old CIO in 1949 on charges of Communist sympathy. Officials have denied the allegation.

James J. Matles, UE's organization director, said the shorter work week proposal was feasible in view of the workers giving up their contractual wage raises.

The UE's proposal has drawn sharp criticism from James B. Carey, president of the IUE. Carey said his union has negotiated wage raises "and we don't intend to give it back to the company."

Drowns in Open Well

ROCHESTER, N. Y. (AP)—Two-year-old Alfonas Dzerkian was drowned Wednesday night in an open well outside his home in suburban Gates.

Police said the boy had been playing alone. They said the well was four feet deep and was used to grow water lilies. The child's body was found by his mother, Mrs. Alfonas Dzerkian.

Most of the lens manufacturing firms in New York State are in New York City.

Third Youth Is Held for Jury in Theft of Cycle

The third of three New York City youths charged with burglary involving the alleged theft of a motorcycle waived examination and was held for the grand jury.

Errol DeLouise, 20, was remanded to the Ulster County Jail awaiting County Judge Louis G. Bruhn to set bail.

Victor Soto and Michael Yagilowich, both 19, waived examination yesterday and their cases also will be heard by the grand jury.

The three youths were arrested Saturday morning after becoming involved in an entangled set of circumstances involving the alleged theft of a motorcycle owned by Harvey W. Thompson of 625 Broadway.

The cycle together with that of a friend was stored in a garage on Washington Avenue. The three youths were picked up in Newburgh last Friday night.

Thief Likes Snakes

LOS ANGELES (AP) — Police know this much about whoever smashed a plate glass window and burglarized the Griffith Park Zoo: He likes snakes. Taken were a six-foot python and three small box constrictors.

Ratio True to Form

ANAHEIM, Calif. (AP) — The 2,232,650 visitors to Disneyland during the summer season—ran true to form: The adults outnumbered the kids, 3 1/2 to 1. This ratio has remained constant since the big amusement park opened in 1955, spokesmen said.

Card of Thanks

We wish to express our sincere thanks to our many relatives, friends and neighbors for their kind expressions of sympathy and many acts of kindness shown us during our recent bereavement in the death of Herbert Farber.

Parents Appeal

physical plant under conditions certain to depress morale.

The attorney told the board that some of the children "must walk over two miles to reach school buses." He asked the board to "bear in mind that the space for these children was available at Oteora and still is."

Questions Saving

Rubin questioned any saving in the transfer and cited increase costs.

When the transfer resolution was adopted Rubin quoted Moehle, supervising principal, as saying:

"I am 100 per cent opposed to this motion and this act of the board because, educationally, you are going backwards when you talk of placing 50-60 children in two rooms of ungraded classes and it appears the pupils are being exploited by such transfers as an attempt to force the parents to vote in favor of a future bond issue."

Questions Legality

Legal aspects of the transfer were questioned by Rubin who said the affected children are all elementary pupils below the seventh grade. Rubin said a central school district's powers are limited by educational law involving the transfer of children below the seventh grade. He said it is necessary before such a transfer to receive the consent of the voters of the former common school district.

He conceded that elections were held in the former common school districts on such transfers several years ago.

"However, a glance at the propositions voted on will disclose that the mandate thereby given this board by the people of the several districts related only to transfer to the then 'new Oteora Central School'."

When the Pine Hill Common School district voted to keep its building open the Oteora board and its administrative employees at that time and later frequently promised "that no child in the Pine Hill Common School District would be forced to attend at that building."

Calls It Unreasonable

The attorney charged that "the singling out of 31 children within a district encompassing 1,300 or more to attend a grossly inferior facility is discriminatory and unreasonable. For these

reasons the majority of these children were presented at Oteora this morning (Wednesday) for admission rather than at Pine Hill. Oteora is the only place where these children can be legally required to attend and it is the intention of these parents to lawfully deliver these cast-off children to Oteora daily until transportation is afforded them and they are received at Oteora for the instruction they are entitled to receive."

"We ask of you that this action of the board be reconsidered and that these children be returned to Oteora without delay and without further damage of minds and equanimity of the children."

Local Death Record

Arthur C. Tongue

Funeral services for Arthur C. Tongue of 9 Orchard Street, who died Sunday were held Wednesday at 11 a. m. in Jensen & Deegan Funeral Home, 15 Downs Street. The Rev. Ralph E. Hughes, pastor of Trinity Methodist Church officiated. Services were largely attended and many friends and relatives called at the funeral home during the bereavement. Many floral tributes were received. Burial was in Grahamsville Cemetery, Grahamsville where the Rev. Mr. Hughes conducted the committal service.

Mrs. Frances K. M. Brudniak

Mrs. Frances K. Muszynski Brudniak of 132 First Avenue died Wednesday at the home of her son, John F. Brudniak. Mrs. Brudniak was a member of Immaculate Conception Church. She is survived by three sons, Joseph L., Michael A. and John F. Brudniak; a daughter, Mrs. John L. Mehm, all of Kingston; a sister, Mrs. Rose Marks, Brooklyn; and nine grandchildren. Her husband, Anthony L. Brudniak, died in 1956. The funeral will be held Saturday at 9 a. m. at the home of her son, Joseph L. Brudniak, 51 Kingston Terrace, thence to Immaculate Conception Church where a high Mass of requiem will be offered at 9:30 a. m. for the repose of her soul. Burial will be in Mt. Calvary Cemetery.

Most of the photographic film, cameras and lenses used in the nation are made in New York State.

Progress of City Laboratory Heard At Lions Luncheon

Next year the Kingston City Laboratory will be completing 25 years of service to mankind and the community.

This is what Dr. Herbert Derman told this week's luncheon meeting of the Kingston Lions Club at the Governor Clinton Hotel.

Dr. Derman, a member of the club, and director of the laboratory, speaking at the luncheon said:

Established in 1934 as a public health laboratory, it now performs a dual role by serving in the clinical field as well, to both the city and the county.

Tells of Major Projects

With the tremendous decrease in cases involving serious contagious diseases, the majority of our work now involves tissue examinations, blood counts, blood chemistry determinations and other clinical techniques.

In 1934, 70 per cent of our task involved communicable diseases and 30 per cent clinical work. Today those percentages are just reversed.

Only the public health activities of the laboratory are tax supported, since they benefit the entire community. The clinical efforts are for the welfare of the individual patients and therefore are not tax supported.

Many Take Training

The local laboratory has been a training ground in pathology for professionals from the far corners of the earth who come to Kingston under the U. S. State Department's exchange visitor program and take back valuable knowledge to their native lands.

A unique training program was created last January with the enrollment of four students on a full time basis in a year long program which will train them to become qualified technologists. Two more students will begin

training the end of September, and applications are now being accepted for consideration from interested men and women.

Managers Praised

Dr. Derman praised the board of managers for their insight and guidance. The board is the governing body of the laboratory and is composed of five men appointed for five year terms by the mayor, who himself serves ex-officio. Those currently serving are Dr. Douw S. Meyers, chairman; the Rev. Dr. Frank L. Gollnick, secretary; James A. Dwyer; Dr. Edward F. Shea and Bernard Feeney.

Miss U.S. to Wed

SALT LAKE CITY (AP)—Miss United States of 1957 will be a December bride. Charlotte Sheffield, 22, of Salt Lake City, will marry M. Richard Maxfield, also of Salt Lake City. They met while students at the University of Utah. Miss Sheffield is teaching high school dramatics and speech this year.

Groceries Too Much

SANTA MONICA, Calif. (AP)—Her husband spent three nights a week lifting weights in a gym—"but he wouldn't even help me carry the groceries upstairs," a pretty redhead testified in divorce court. Mrs. Shirley Mae Brumfield, 23, a secretary, won the divorce from her husband, Paul, 25.

Need Too Great

DETROIT (AP) — Hardy L. Trice, 54, told Records Court Judge Paul E. Krause he needed a night latch to keep burglars out of his home. Krause then sentenced Trice to 90 days in jail for stealing a night latch valued at \$1.49 from a downtown department store.

Hold Class in Bus

MOUNT STERLING, Ky. (AP)—One seventh grade class at Camargo High School held class in the school bus, officials explained, because the school was so overcrowded. An annex is being readied to take care of the extra students.

BUILDING FOR TOP SPEED — The first of the Boeing Intercontinental 707 jet transports takes shape at production line at Renton, Wash. The air giant has a wing span of 142 feet and fuselage length over 150 feet. It can cruise at 605 miles an hour.

State Folder Lists

Fall Color Highlights

ALBANY—Motorists interested in discovering the best places to see New York State's magnificent autumn foliage will be helped by a folder now being distributed by the State Department of Commerce.

Free copies of "The Autumn Colorama in New York State" may be obtained from the Department of Commerce, 112 State Street, Albany 7.

"Many vacationists have found that autumn is an ideal time in New York State for traveling and vacationing," Commerce Commissioner Edward T. Dickinson pointed out. "Fall adds al-

most two months to our summer vacation season and guests will find that they will have a wide choice of accommodations."

The exact time of foliage change in any locality depends on that this year it will be about the middle of October.

Among the "high spots" which offer panoramic views of the foliage spectacle are the Whiteface Memorial Highway, near Wilmington, the Belleayre Mountain Chair Lift at Highmount, Lebanon Mountain on Route 20, Letchworth State Park, the Cliffside Overlook at Thacher Park, the Storm King Highway, Watkins Glen, Chataqua Gorge and Rainbow Bridge overlooking Niagara Falls.

The locations of additional lookout points are described in

"Autumn Colorama." Scenic motor touring routes in all parts of the state are also listed.

Quite a Reunion

WALSENBURG, Colo. (AP)—At a reunion of Alejandro Martinez' descendants it was found he has one grandchild for each year of his life—90.

Separate Bread Crumbs

When you make your own dry bread crumbs, be sure to sift them; put the fine crumbs in one container, the coarse crumbs in another. Then both sorts will be ready as needed.

Petroleum makes up 55 per cent of all the freight moving on the world's oceans.

It takes a **GIANT** to set America in motion

This year millions of footloose travelers will buy tickets to romantic places. They'll pay several billion dollars to get where they're going by bus, plane, ship and train.

The transportation industry employs hundreds of thousands of people. It spends billions for equipment. It performs a gigantic task in carrying its passengers safely, surely and swiftly to their destinations.

Transportation space is possibly our most perishable product. An accommodation that has not been sold by

the time a trip has begun is never sold. To help keep its product sold, transportation turns to another giant—the daily newspaper, the number one travel medium.

Last year the travel industry spent \$58,266,000 in newspapers to attract the greatest number of ticket-buying travelers in history. More money is spent in newspapers—by all kinds of advertisers—because newspapers set people in motion—buying.

All business is local... and so are all newspapers

Area Cancer Unit To Install Plaque At Tumor Clinic

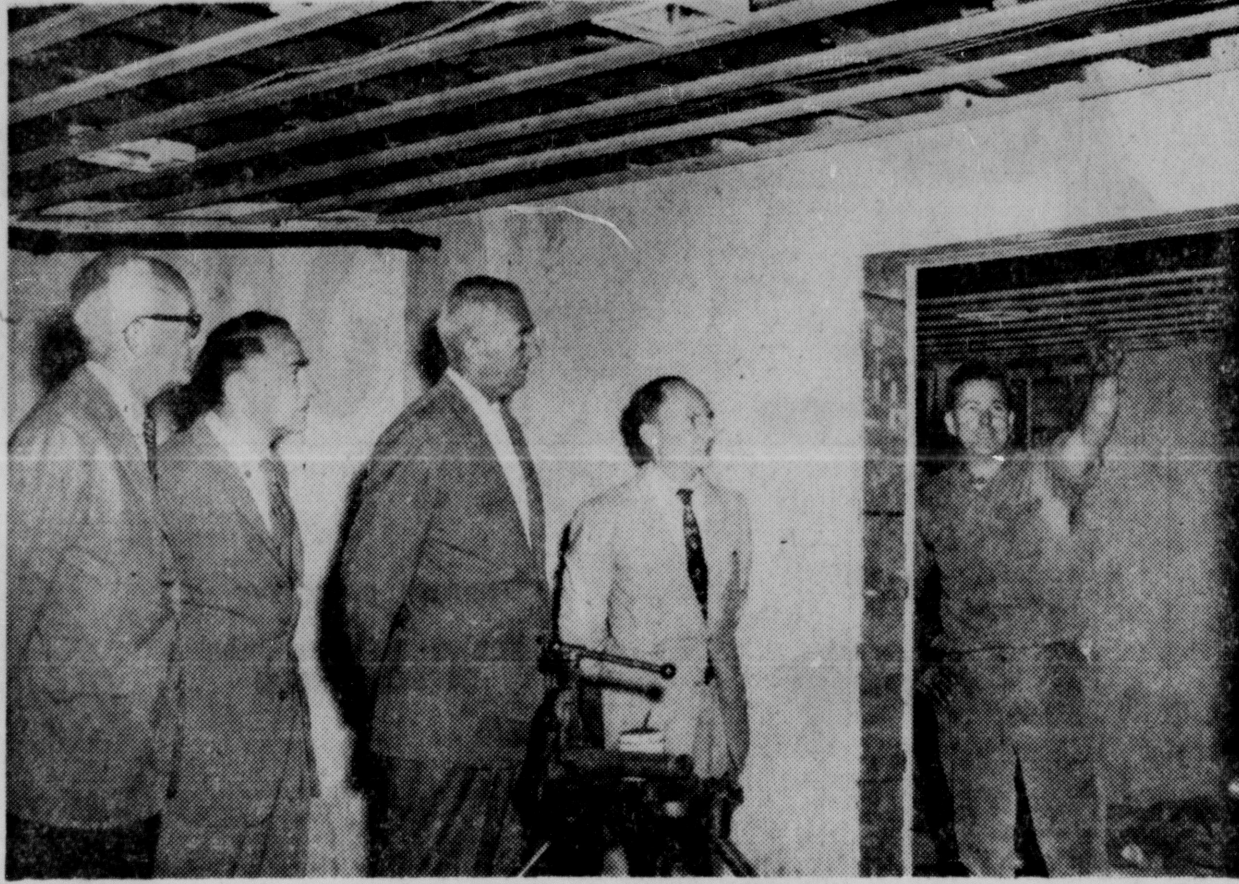

The president of the Ulster County Unit of the American Cancer Society, Dr. William S. Bush, has announced that the annual meeting of the board will be held on September 10 at noon in the library of the Tumor Clinic, 400 Broadway.

A buffet luncheon will be served and after the completion of the regular business, a bronze plaque will be dedicated at the

Tumor Clinic. This plaque honors the more than 20 years of continuous service with the American Cancer Society by Mrs. Harry Parker Van Wageningen.

Mrs. Van Wageningen commenced her volunteer service with the American Cancer Society before the organization of the Cancer Committee of Ulster County. Mrs. Van Wageningen at one time was the state commander of Women Volunteers. Later she was instrumental in organizing the Ulster County Branch of the American Cancer Society, now known as the Ulster County Unit.

The Ulster County Unit is grateful to the Ulster County Board of Supervisors for its permission to install this plaque.

OBSERVING HOW MONEY IS SPENT — Leaders in the coming Community Chest Red Feather campaign met Wednesday afternoon at the YWCA to discuss plans and to inspect work in progress at that member agency's building. Shown in the new teen-age assembly room under construction in the basement are, left to

right: John D. Schoonmaker Jr., vice chairman; Richard M. Kalish, general chairman; Bernard A. Feeney Sr., vice chairman; John R. Warren, executive director, and Frank Sheeley (in doorway) of Luke H. Sheeley, plumbing and heating contractors. (Freeman photo).

Chairman Named On Special Gifts For Feather Drive

William E. Rylance, president of William Rylance & Sons, Inc., will be chairman of the special gifts division of the Community Chest Red Feather drive, it was announced today by Richard M. Kalish, general chairman.

The drive, which begins about September 15, is to raise operating funds for 10 member agencies.

Rylance, who resides at 44 West Chestnut Street, is treas-

urer of the Kingston Area Chamber of Commerce, member and past president of Kingston Rotary Club, and an elder of the Fair Street Reformed Church. He is head of a commercial printing firm which has operated at 45 Hurley Avenue here since 1946. It had previously been located in Brooklyn.

Community Chest member agencies are: Boys' Club, Boy Scouts, Girl Scouts, Association for the Help of Retarded Children, Jewish Community Center, Salvation Army, USO, Volunteers of America, YMCA and YWCA.

A special meeting of the board of directors of the Community Chest will be held Monday, September 8, at the Savings and Loan Association building, at which time the goal for the drive will be adopted. Also at that meeting, directors will meet John D. French, a member of the American City Bureau staff who has been engaged as campaign counsel for the local drive.

Mahoney Is Disturbed Over Possible Toll Hike

ALBANY, N. Y. (AP) — The state Senate's Republican majority leader, Walter J. Mahoney, said today he thought the State Thruway should consider lowering tolls instead of raising them.

Mahoney said in a statement that he was "greatly disturbed" by reports that Authority Chairman Clinton B. F. Brill, an appointee of Democratic Gov. Harriman, was thinking of boosting tolls next year.

"It seems particularly significant," Mahoney said, "that such increases would not be made effective in this, an election year."

Mahoney said the authority certainly had an obligation to make a survey of its operating costs and to make sure that the superhighway would be self-sustaining.

But, he added, "it is my hope that any such survey also will consider the possibility of lowering tolls by increased use of the Thruway."

3 Men Arrested In 2 Raids at Cairo, Catskill

Two gambling raids were staged yesterday afternoon by State Police from the Leeds substation, one at Cairo and one at Catskill. Three men were held on gambling charges.

Matthew Ricciardella, 40, of Grove Street, Cairo, pleaded guilty to bookmaking and maintaining a gambling establishment at his residence. He was fined \$100 on each charge by Justice of the Peace William Weber of Cairo.

At Catskill troopers arrested Leo Benedict Harper, 53, at his home, 147 North Street and John Michael Brennan, 40, of Leeds, in the house. Harper was charged with bookmaking and maintaining a gambling establishment and Brennan was accused of bookmaking. Both pleaded innocent before Justice George E. Carl of Catskill and were held in \$1,000 bail.

The two raids followed an investigation by the State Police BCI at Leeds. Uniformed troopers and BCI men took part in the raids.

Heads Dystrophy Drive in County

The Muscular Dystrophy Association of America have announced that Attorney George A. Beck has accepted the position of Ulster County Chairman for their 1958 fund campaign. The announcement was made through Edward D. Donnelly, executive secretary of the Association, at his White Plains office.

The new chairman immediately announced that the annual fund campaign of the Muscular Dystrophy Association will be conducted during November and that a full committee for the campaign would be made public within the next two weeks. Planning and organization for the drive will commence immediately.

Donnelly stressed that the funds collected by the Association would be used for two principal purposes: first, the furtherance of research in an effort to stamp out Muscular Dystrophy, and secondly, for the purchase of medicines and equipment for the treatment of the children who contract this dread disease.

Attorney Beck is associated with Arthur B. Ewig in the practice of law in this city. He is a member of the Bar Association of New York State and Ulster County, the Kiwanis Club of Kingston, Knights of Columbus, Catholic War Veterans, and is the current county chairman of USO. He is a veteran of two years overseas service in the army with the Judge Advocate General's Corps.

Attorney Beck and his wife, the former Margaret Anne Kel-

GEORGE A. BECK, leher, reside with their two children at 38 Fairmont Avenue.

Rocket, Satellite Advances Are Reported by Scientist

Editor's Note—Will Russia and the United States cooperate in space exploration? In the first of four articles written for The Associated Press by leading U. S. scientists who have participated in International Geophysical Year sessions in Moscow, Dr. Richard Porter sifts the clues and reports on accomplishments in the rocket and satellite fields.

By DR. RICHARD PORTER
Chairman, U. S. National Committee Technical Panel on Earth Satellites

Written For The Associated Press
It is natural to think of the work of a meeting such as the fifth meeting of the special committee for the International Geophysical Year as having been completed with the fall of the final gavel.

Nothing could be further from the truth. In the field of rockets and satellites, at least, more ques-

tions were raised than settled. More work was left to be done than was accomplished.

Although some 75 important papers were presented by scientists from many countries during the seven half-day sessions of the rocket and satellite symposium, it was not possible for most of us to grasp more than a small fraction of the information made available.

Language Barriers

For one thing, language barriers remain a formidable obstacle despite all attempts to surmount it. Another problem was the mental indigestion which resulted from too many papers for the available time.

Therefore it will be necessary for most of us to read the translated papers and reports, to study them carefully, and perhaps even to correspond with their authors before much of the technical data presented at this conference can

be completely understood.

Fortunately for international science, it appears that this process of reading and corresponding actually may be not only possible, but worthwhile.

Meetings Are Sterile

Previous meetings on the subject of satellites in which the Soviet Union has played an important part have tended to be rather sterile: little in the way of actual scientific results had been obtained, and information about the vehicles and launching problems had been regarded as highly secret, at least by the U.S.S.R.

This year in Moscow there were some definite results to discuss, and although the Soviet scientists obviously still were unable to talk about how they launched their satellites, how they sent most of the information back to earth, they were prepared to talk about their results.

Important results they were, too. First, the air density of altitudes of 150 miles and higher could only be estimated by means of very approximate assumptions before the International Geophysical Year (IGY) began.

As a result of observations of the Russian and U. S. satellites by many IGY countries, it is now generally agreed that atmospheric density at this altitude is significantly higher than previously expected.

Discuss Radiation

Another subject of great interest was the radiation recently discovered in the ionosphere (between 50 and 200 miles up) and recently announced in Washington by Dr. James A. Van Allen of the State University of Iowa.

Several papers by both U. S. and Soviet scientists touched on this subject, and the latest information from both the third Sputnik and the most recent Explorer satellite was presented and compared. Although there were some differences in the data, it appeared to this observer, at least, that they can be explained by the differences in the means by which the data were obtained. And on the whole, there is agreement concerning the existence of the effect.

Here again, a good explanation of this radiation must be found. The extensive instrumentation of the Soviet satellites, made possible by their larger size, was very impressive to American scientists. Important scientific reports of early Soviet results on atmospheric composition, ion density, solar corpuscular radiation, micrometeorites, cosmic radiation, gamma radiation and biological experiments gave promise of great scientific advances to come.

Despite the popular glamor of the satellites, one must not overlook the high altitude rocket experiments of the IGY.

Both Launch 57 Rockets

It was reported that the U.S.S.R. had launched 57 of these rockets by the first of June, and the United States a similar number. High altitude rockets also have been launched by the United Kingdom, Australia, Canada and Japan. Results obtained include valid measurements of temperature, density, and composition of the atmosphere in the important region between the maximum altitude reached by balloons and the minimum altitude at which satellites' orbits can be sustained.

As a result of discussions by working groups, it was agreed that a third world data center for rocket and satellite data should be established in Great Britain. The two now in existence are in the United States and the Soviet Union. A number of previously controversial points regarding the use of these data centers were also settled.

Tomorrow: Exploring sea and sky.

Special Term Is To Start Friday Of Supreme Court

A regular special term of Supreme Court will be held Friday at 10 o'clock at the county court house. This is the first regular term since the summer recess. Justice Deckleman will preside.

Among the matters to come before the special term is the order to show cause granted Tuesday by Justice Isadore Bookstein in the Woodstock Common School District No. 2 and the Ontario Central School controversy involving the annexing of the Woodstock district to Ontario.

Due to the special term there will be no County Court session on Friday and the Brinkman manslaughter jury selection will be resumed at 10 o'clock on Monday.

Urges Moderation

REYKJAVIK, Iceland (AP) — The government began a quiet campaign today to take some of the heat out of Iceland's fishing dispute with Britain. "We have had enough violence," said one official.

He disclosed that speakers from the four major political parties are being urged to use moderation tonight at a mass meeting.

The demonstration is aimed at protesting against British gunboats and trawlers defying Iceland's new 12-mile fishing ban. Iceland extended its territorial waters to 12 miles Monday, claiming the extension was needed to protect the area from overfishing. The Icelanders show no signs of backing down.

All Sizes

Canned shrimp comes de-veined in tiny, small, medium, large, jumbo and colossal sizes. Use the shrimp variety that best suits your recipe.

Yellow vegetables, which should be included in the daily diet, are high in vitamin A.

Doolittle, Three Others Named To Space Agency

NEWPORT, R.I. (AP) — President Eisenhower today picked Lt. Gen. James H. Doolittle (ret.) and three others to serve on the new Civilian Space Agency Council.

The nine-member Council, headed by the President has the job of developing a space age program coordinating the activities of all federal agencies concerned with the matter.

Eisenhower also selected for the council: William A. M. Burden of New York, who in 1943-47 was assistant secretary of commerce for air. He served in 1950-52 as a special research and development assistant to the secretary of the Air Force.

Dr. Alan T. Waterman of Westmoreland Hills, Md., director of

the National Science Foundation. Dr. Detlev M. Bronk of New York, president of the National Academy of Sciences. He also heads the Rockefeller Institute of Medical Research.

Will Ask Rail Boosts

PHILADELPHIA (AP)—The nation's two largest railroads, the Pennsylvania and the New York Central, said today they will seek passenger fare increases of up to 15 per cent.

The proposed increases would go into effect Nov. 1, if approved by the Interstate Commerce Commission. The 15 per cent increase would be on first-class passenger travel. Coach travel increases would be 5 per cent.

A Pennsylvania spokesman said continuing deficits from its passenger service, plus increased costs, necessitate the proposed fare hikes. He said unionized railroad workers are due to get an 8-cent an hour pay raise Nov. 1, under terms of a three-year contract.

The increase proposals will be filed with the ICC at the end of the month.

Ruth Millett

If a Man Enjoys His Job, Family Should Know It

If a man likes his work and takes pride in his ability to do it well, he ought to share his enthusiasm with his wife and children instead of burying it under a continual blanket of complaints and weariness.

Mr. C. thoroughly enjoys the challenge of his demanding job and secretly takes pride in his ability to handle it.

But from the way he acts and talks around home, he might as well hate every working minute.

His family never hears about his triumph, about the satisfac-

tion of a job well done, about the interesting things that happen in his office.

All they hear about are his worries, his problems and the annoyances.

In short, when Mr. C. comes home at night he wants an audience to listen to him complain, one that is sympathetic rather than one that is interested and admiring.

So he plays up what a rough day he has had, how dead-beat he is, what a grueling day he faces tomorrow.

And then he wonders why his wife seems to resent his job and

why his sons don't seem to have much ambition.

His wife hates his job because she thinks her husband is over-tired. She blames the job for his coming home every night tired and complaining.

His sons show little ambition because they don't see that working hard and getting some place has made their father happy.

The attitude a man takes toward his work when he is around his family is more important than he realizes. He can't expect his wife and children to understand that he likes his job and takes pride in it if all they hear about are his worries and frustrations.

Temple Emanuel

Temple Emanuel's first service for the season will be held Friday 7:45 p. m. Rabbi Herbert I. Bloom will preach on the theme, "The Year of Challenge and Realization." Music is in charge of Cantor Julian Lohr. The Mr. and Mrs. Club will meet for a covered dish supper Saturday, 8 p. m. in the Social Hall of the Temple. All parents who have not as yet made arrangements for their children's religious school enrollment may contact Rabbi Bloom or Cantor Lohr. To arrange for High Holiday service tickets communicate with Edwin L. Wetterhahn.

More Time Given

MANILA (AP)—The Philippine Supreme Court has given the government until Sept. 13 to document its appeal against the release of William Pomeroy and his Filipina wife, who both served with the Communist Huk movement.

The Pomeroy, who have served six years of life terms for rebellion were ordered freed last week on a writ of habeas corpus by a provincial judge who found they were convicted of an improper charge.

The government appeal blocked the release of the scholarly 41-year-old former GI from Rochester, N. Y., who with his wife taught communism to Huk rebels in Central Luzon. They were captured in 1952.

Knife Is Found Near S.I. Home of Slain Doctor, Wife

NEW YORK (AP)—Preliminary tests indicate human blood stains are on a knife found 1,000-foot from the Staten Island home where a doctor and his wife were murdered by a housebreaker.

The knife, with a five-inch blade, was turned over to Dr. Alexander Weiner of the medical examiner's office for further examination today.

Results of the preliminary tests were announced at a post-midnight news conference by acting Chief of Detectives Edward Byrnes.

Byrnes said there apparently was no fingerprint on the knife. Police theorized that the knife may have been the weapon used to kill Dr. Melvin Nimer and his wife, Lore Jean, both 31, about 2 a. m. Tuesday.

The knife—best clue turned up so far by the scores of detectives working on the case—was found Wednesday night under a hedge. The spot is diagonally across the street from the U. S. Public Health Service Hospital where Nimer was on the staff.

The Nimers were stabbed to death as they rushed to the aid of their screaming 8-year-old son, Melvin Jr., whom the white-masked slayer was trying to choke in his bed.

No harm was done to Melvin or to his brother or sister—Gregory, 2, and Jennifer, 5 months. The younger children slept during the murders.

Rail Short-Circuits

NEW YORK (AP)—A third rail short-circuited in Grand Central Terminal Wednesday night, sending off a brilliant explosion which severely burned three New York Central Railroad employees.

One commuter train was cancelled and another delayed for 14 minutes. The three maintenance employees were admitted to Beth David Hospital.

The blast came when the three men were trying to correct a short under one car of a New York Central train. Several hundred passengers fled the train when they saw the flash of the explosion and clouds of acrid smoke. Some screamed in fright.

Matter of FACT

George Washington had no rival for the office of president of the United States. Even before the Constitution was adopted, the people of the country were unanimous that if they, rather than electors, should select a president, George Washington would be their choice.

Pupil Assignment Announce Plans Listed for Area School Openings

Changes in the schedule of classes for the opening of the Saugerties Central Schools Monday were announced today by Dr. Grant D. Morse, superintendent.

Those affected will be a number of pupils in High Woods, Veteran and Fish Creek.

High Woods Fourth Grade originally scheduled for Main Street School will attend Mount Marion School.

Veterans First Grade originally scheduled for Main Street School will attend Glasco School.

Fish Creek Grades 1 to 3 originally scheduled for Mount Marion School will attend Main Street School.

All others will attend classes as previously announced or according to notification from the schools office.

Assignments to the various schools in the centralized district are as follows:

Main Street School—Saugerties village north of Trinity Episcopal Church; Blue Mountain except Grades 2 and 6; Saxton pupils; Esopus Creek Road; Glenierie; Malden Grade six; Pine Grove (same as last year); Quarryville Grades K, 3, 4 and 5; West Camp Grade 6; West Saugerties Grades K through 5 and Fish Creek Grades 1 and 3.

Glasco School—Glasco village; Blue Mountain Grade 2; Barclay Heights, except those notified to the contrary; Flatbush kindergarten; Quarryville Grades 1, 2 and 5, and Veteran First Grade.

Mt. Marion School—Mt. Marion District; Blue Mountain Grade six; Daisy; Fish Creek Grades K, 2, 4, 5 and 6; High Woods Grades K through 6; Pine Grove (same as last year); Veteran Grades 2 and 6, and West Saugerties Grade six.

North Flatbush School—Flatbush District Grades 1 through 6.

Malden School—Malden Grades K through 5 and West Camp Grades K through 5.

Asbury School—Asbury District Grades K through 6.

Katsbaan School—Katsbaan District Grades K through 6.

Cedar Grove School—Cedar Grove District Grades K through 6.

Junior and senior high school pupils will report to the new junior-senior high school building Monday morning.

Grades 8-12 will report by 8:15 a. m. Bus pupils in these grades will come in on the first bus trip on each route, arriving at school at 8 a. m.

Grade 7 pupils will report by 8:45 a. m. Seventh grade bus pupils will come in on the second bus trip on each route, arriving at school at 8:40.

Schedule refinements and adjustments will not permit a full session on Monday. Grades 7-12 will leave school at 11:30 a. m., except for those who must remain for schedule changes. There will be no lunch period on that day.

The regular schedule will be inaugurated Tuesday morning. Grades will report regularly at the times previously announced.

Grades 8-12 will be dismissed at 3:02 p. m. daily.

Grade 7 will leave school at 3:48 p. m. daily.

The cafeteria at the high school will not be in operation during the first days of school. All pupils will need to bring their own lunches, except on Monday.

Pupils attending the Main Street School, should report as outlined below on the first day of school.

Grade One—First floor of old building. Wait by Washington Avenue door.

Grade Two—First floor of old building. Wait on playground between gymnasium and old building.

Grades Three and Four—Second floor of old building. Wait on playground between gymnasium and old building.

Grade Five—Second floor of old building. Wait by Washington Avenue door.

Grade Six—Second floor of new building. Wait by door on Seamon side of building.

Mrs. Snyder's class—Basement of new building. Wait by door on Seamon side of building.

When the doors open, pupils should go to the floor mentioned for each grade. Teachers will direct pupils to their rooms.

West Camp Church Fellowship Family Night Fellowship

A family night of fun, food and fellowship is being planned for members and friends of St. Paul's Evangelical Lutheran Church, West Camp, Sunday, Sept. 7 on the church grounds.

Those attending will bring a basket lunch for the lawn social. Beverages will be supplied. In case of rain the event will be moved to the parish hall.

Immediately after the supper, the Rev. Alvin F. Messersmith, pastor of the church, will show slides and provide commentary on the vacation trip taken by himself and Mrs. Messersmith to British Guiana.

Worship services for Sunday return to the regular schedule at 11 a. m. and Sunday school will hold its first class session at 9:30 a. m. in the Sunday school rooms.

Adult Driver Class

There will be an organizational meeting for the adult driver education classes at the new Saugerties High School Wednesday, Sept. 10 at 8 p. m. Those interested in this course should be present or send a representative.

Announce Plans For Legion Ball

ROY S. HELMSMOORTELT

Preliminary arrangements for the annual Saugerties American Legion Ball tentatively scheduled for the Saturday after Thanksgiving were discussed at a special committee meeting held in Lamouree-Hackett Post 72, American Legion Home Wednesday night.

Roy S. Helmsmoortel was named general chairman.

As in previous years the Legion Auxiliary will be in charge of the souvenir program and are making arrangements to solicit for the advertisements.

There was considerable discussion on the probability of securing the services of a nationally known name band, an area name band, and the show which usually precedes the dancing. No decision was made.

Gary Stevens and his TV orchestra played for the Legionnaires last year and Claude Thornhill and his nationally known orchestra supplied the music in 1956.

Set Archery Shoot

The second shoot of the Saugerties Archers Club will be held Saturday and Sunday starting at 9 a. m. at the club's grounds located on the Mt. Airy Road near Route 32, one mile north of Saugerties Thruway Interchange.

The shoot will continue all day to 5 p. m.

Clarence J. Burgher, vice-president of the club may be contacted for information regarding shooting fees.

Refreshments will be available at the grounds.

Awards will be presented to the best archers.

Town Notes

The Rev. La Roy S. Dietrich, pastor of New Bloomfield, (Pa.) Lutheran Church, and Mrs. Dietrich visited Mrs. Anna Winchell of Malden-on-Hudson last week. They were accompanied by Mrs. Frank Sloboda of West Camp where they stayed during their vacation here. The Rev. Mr. Dietrich is a former pastor of St. Paul's Evangelical Lutheran Church of West Camp.

Also visiting Mrs. Winchell last week were Mrs. Jane B. Van Loan and Mrs. Louis Wood of Athens.

Mrs. J. Charles Stewart Sr., of Market Street, Saugerties is visiting with her daughter and family, Mr. and Mrs. Herman Wynkoop of Pittsfield, Mass.

Mr. and Mrs. Frank C. Sloboda of Robinson Street, Saugerties visited the following relatives in Providence, R. I. during the Labor Day weekend: Mr. and Mrs. Roger Stewart, Mrs. Delia Stewart and son, Stanley, and Mr. and Mrs. Chester Stewart.

Legion Favors Bold U.S. Policy To Meet Soviet

CHICAGO (AP)—The American Legion today called for a U.S. foreign policy "that the American people and the people of the world would understand" to meet the challenge of Soviet expansion.

The legion's 40th convention rejected what it called "the principle of co-existence with gangsters, ruffians and murderers."

Blames U. S. Policy

It said the Soviet Union has "amassed the greatest concentration of colonial power over enslaved people" in world history, subjugating 600 millions.

"This success has been due primarily to lack of a firm foreign policy of the United States," the legionnaires said, and urged that the Soviet challenge pressure be met with "limitless courage, traditional fearlessness and ordinary intelligence."

The delegates said the Legion is disturbed at failure of the U.S. government "to understand Communist infiltration" in the Middle East.

The legion also adopted a report by its Americanism Commission criticizing the U.S. Supreme Court for adopting what it termed "the role of legislative policy maker without proper judicial restraint" in recent decisions.

The resolution did not mention specific decisions under fire. Legion leaders said the court's handling of racial integration in the schools was a principal basis for the Legion stand.

To Elect Officers

The legionnaires acted on resolutions before hearing speeches by Gov. Luiz Munoz Marin of Puerto Rico and Madame Chiang Kai-Shek, wife of the Chinese Nationalist president.

Also, on the final day's convention program was election of officers, with Preston Moore, 38, of Stillwater, Okla., expected to win the office of national commander.

Financial and Commercial

NEW YORK (AP)—The stock market milled, irregularly early this afternoon, as profits were taken at the newest 1958 high. Trading was fairly active.

Most pivotal issues had gains and losses of fractions to about a point. There was considerable churning among specialties and lower-priced stocks.

Steels were off a bit but the industrial section as a whole was irregularly higher. Motors did little. The balance was higher for rubbers, aircrafts, chemicals and tobacco.

Concern over the Formosa Straits situation was not reflected particularly in the stock or commodity markets. Some hesitancy was ascribed to fears of further credit tightening moves by the Federal Reserve Board. A bullish factor was news that construction put in place during August set a monthly record.

The ticker tape fell behind at times. Studebaker-Packard continued the trading favorite as big bids changed hands, one of 20,000 shares. The price was up a fraction as new models were anticipated.

Kroger rose about 3 in unusual activity. Artform dropped about 3 as jitters prevailed about possible SEC action following the stock's upward move. General Realty rose about a point.

General Motors was about unchanged. Goodyear had an unusual spurt of 3 points.

St. Regis paper was ahead a fraction. American Telephone was about unchanged following a 1 1/2 jump Wednesday.

U.S. government bonds showed lower tendencies, interrupting a two-day rise.

REPUBLICAN'S CHOICE — Former Massachusetts House Speaker Charles Gibbons has his hand held aloft by GOP State Committee Chairman Daniel E. McLean, left, in Boston after he was selected as the GOP candidate for nomination for governor of Massachusetts. Gibbons was chosen as the substitute for Attorney General George Fingold who died Aug. 31. (AP Wirephoto)

Accidental Death Elsworth . . .

Johnston, who is charged with burglary, third degree, and unlawful entry, last December 5, under two counts. Joseph Hill appears for defendant and bail was continued.

Third Pleads Innocent

Edward Calhoun, jointly indicted with Bernard Johnston and Christopher Genter, on burglary, third degree, and unlawful entry charges, alleged to have taken place last May 23, entered a plea of innocent and Robert MacKinnon was assigned as counsel. Johnston and Genter had been previously arraigned and pleaded innocent.

Joseph Hill appeared for Johnston and George Beck for Genter, and bail was continued. Calhoun was remanded to jail in the absence of bail.

In the case of Thomas Doyle, represented by Sherwood Davis, County Judge Bruhn disqualified himself and referred the matter for arraignment and other procedure to Surrogate Charles Gaffney, who under a recent revision of the law is authorized to act as county judge.

In the case of Ronald William Van Steenburgh, indicted for an unlawful entry and malicious injury to property, alleged to have been committed November 1, 1957, a plea of innocent was entered when he was arraigned. In the absence of his counsel, A. J. Cook, 20 days was allowed for motions and bail was continued.

An indictment charging Victor Ellis Washburn with violation of Section 1897, Sub. 4 of the Penal Law, alleged to have been committed May 20, 1958, Charles Saccaman, his counsel was absent and a plea of innocent was made and 20 days granted for motions. Bail was continued.

Similar action was taken in the case of James Cassell, charged with sodomy on June 8, 1958. His counsel, Seymour Werbalowsky was unable to be in court and a plea of innocent was entered, 20 days granted for motions and bail continued.

District Attorney Howard C. St. John moved the case of Duane Hastings Bellows, Richard Korda and Virginia Ann Reynolds to the reserve calendar. They are in Suffolk County prison and an order to bring them here for arraignment under a sealed indictment will be secured later.

DA Moves for Trial

District Attorney Howard C. St. John moved for trial the charge against Nels H. Wennersten, alias Nelson Wennersteen, Glenierie Lake Park, who is charged with having defrauded the Industrial Commission of the State of New York out of money through collecting unemployment insurance in an alleged illegal manner. Sherwood Davis appears for defendant and said he would be ready when the case is reached in its order. Wennersten allegedly worked as a carpenter and established his right to unemployment insurance and then, while collecting unemployment insurance, took another job under an alias. While driving a cab he allegedly appeared at the Unemployment Insurance office to collect his insurance. This caused an investigation to be made and allegedly disclosed he was collecting unemployment insurance benefits while actually working.

Three cases charging violation of Section 372 of the Penal Law were moved over to September 8 when an application will be made to remove them from the criminal calendar. They are the cases of Rocco Benevento, Burton Barringer and Howard Trowbridge. Charles Saccaman appears for Benevento and Raymond Mino for Barringer and Trowbridge. District Attorney St. John told the court he would move for the removal of the cases from the calendar at 2 p. m. on September 8 and at that time give his reasons.

Says Evidence Slim

An indictment charging the Ellenville B. P. O. Elks with violation of Section 970 and 973 of the Penal Law, being a common gambler and keeping a gambling establishment, was moved over to the November term of County Court. John Bonomi, counsel, said since the indictment had been returned he had investigated the charge and felt there was insufficient evidence to sustain the indictment. He said he would make an application for inspection of the grand jury minutes in preparation to move for a dis-

Peiping Extends Water Limits as Warning to U. S.

TAIPEI, Formosa (AP)—Communist China posted a new keep-out warning today to any American ships and planes that might be sent to help Nationalist Chinese in Formosa and garrisons on Quemoy and other offshore islands.

The Peiping regime extended its territorial waters to 12 miles offshore, taking in Quemoy and Matsu which nestle against the Chinese mainland. The official New China News Agency said in a broadcast that all foreign ships and aircraft must have permission to travel in the new zone.

Raps Violation

The new area also included Formosa, about 100 miles from the mainland; and the Nationalists' Pescadores Islands, supply point about 30 miles from Formosa. Both have always been claimed by the Reds as part of China.

The announcement charged that "U.S. military occupation of Formosa is an illegal act violating Chinese territory and sovereignty."

"China has the right to recover Formosa at an appropriate time using all appropriate means," the announcement said. "This is China's internal affair, in which no foreign interference is tolerated."

The news agency defined the starting-point of the new 12-mile line as the line connecting the mainland coast with its offshore islands. That would take in Quemoy, Matsu, which is about 18 miles from the nearest point on the coast, was within what the Peiping announcement called the Chinese inland sea.

LeMay Due Sunday

The new sea limits give Peiping the pretext to regard any blockade-busting mission to relieve Quemoy as an act of invasion. The United States continued to

Traffic Increase For K-R Bridge 11.61 Over '57

A traffic increase of 11.61 per cent on the Kingston-Rhinecliff Bridge during August and an overall increase of 1.91 per cent for all bridges of the New York State Bridge Authority was announced this week at the authority's Poughkeepsie headquarters.

The percentages are increases over the same period last year.

The Newburgh-Beacon Ferry, also operated by the bridge authority showed a decrease of 3.87 per cent in the number of vehicles carried during August, 1958, from the level of August, 1957.

5th Shrine Visit

Entertainment will be provided by the Mt. St. Alphonsus Glee Club. Music on board ship, during the parade and at the Shrine will be played by a band under the direction of Louis Russo. Refreshments will be served by the men and women of Presentation parish.

Residents of Port Ewen, Kingston and the surrounding locality are cordially invited to take part in the services Sunday. This will be the largest pilgrimage in the history of the Shrine of Our Lady of The Hudson, the committee said, but the Shrine grounds are spacious enough to accommodate all who desire to attend.

Total traffic on the four bridges was 889,695 vehicles for August compared to 873,016 last year. The Newburgh-Beacon Ferry carried 49,866 vehicles during August compared to 51,874 for the same month in the previous year. Details for the individual bridges showed:

Rip Van Winkle Bridge—213,575 vehicles for August this year compared to 219,622 vehicles last year—a decrease of 2.75 per cent.

Bear Mountain Bridge—205,436 vehicles for August, 1958, compared to 197,390 in August, 1957—an increase of 4.08 per cent.

Mid-Hudson Bridge—374,904 vehicles in August this year compared to 370,191 in August last year—an increase of 1.27 per cent.

Kingston-Rhinecliff Bridge—95,780 vehicles during August, 1958, compared to 85,813 vehicles in the same month last year, an increase of 11.61 per cent.

The first elected Assembly in the colony of New York met in 1683.

Calls for Help

OKLAHOMA CITY (AP)—Prof. V. E. Thiessen of the Oklahoma City University English staff, says a package sent to the OCU "Essay Department" and channelled to him carried a stone and a note: "We've had a rock in our family for years and we'd like to have you essay it." Thiessen called for help from the geology department.

CLINTONDALE NEWS

Villages Notes

Several from here will attend the Pomona Grange meeting to

be held on Friday, Sept. 5 at the Highland Grange Hall, Lloyd.

Charles Hunter of New York City has purchased the former Angelo Albano place at the corner of Crescent Avenue and Cliff Street. The new owner plans to remodel the house.

There will be a service in the Methodist Church at 9:30 a. m. Sunday with the Rev. George Johnson conducting the service. Sunday school will be held at 11 a. m. after having been discontinued for the months of July and August. The Woman's Society of Christian Service will hold its meeting Friday, Sept. 26.

Kenneth Watson, former principal of the Clintondale school has taken a position as a teacher at Old Westbury, L. I.

Charles Andola of South Street has been elected a member of the Highland Central School Board of Education. The system recently accepted the Clintondale district in centralization.

Clintondale Grange members prepared an exhibit that won much favorable comment at the recent county fair in Kingston.

Several Clintondale women who belong to the Highland Home Demonstration Unit will attend the roast beef dinner to be held at Reggie's Inn Monday night to mark the opening of the fall season for the unit. There will be a display of hat making frames at the dinner for those who will take up that project this season.

Robert Napoli, son of Mr. and Mrs. Joseph Napoli has enlisted in the United States Army and will attend a radar maintenance and repair school.

There will be a regular meeting of Clintondale Fire Department at the firehouse Monday 8 p. m. Roy Pauli, president of the department, will conduct the meeting.

FarmEmploymentBureau Operates for 2nd Year

CLINTONDALE — An employment bureau sponsored by the Ulster County Farm Bureau and other agencies has been established in Clintondale and is in operation each day at the Grange Hall. Those seeking work may apply and register for assignment and farmers in need of harvest help may go to the bureau for assistance. This is the second year that the local bureau has been in operation.

The congregations of the Methodist and Friends Churches held a union service at the Friends Meeting House Sunday morning with the Rev. George Johnson, pastor of the Methodist Church speaking on the subject "A Light in the Road."

Supervisor Howard Simpson will attend a meeting of the Ulster County Board of Supervisors to be held in Kingston Thursday night, Sept. 11.

The last of the series of membership training classes conducted by the Rev. George Johnson of the Methodist Church was held Tuesday night at the Modena Methodist Church.

There will be a service for worship at the Friends Church Sunday morning at 11 a. m. with the Rev. Jesse Stanfield delivering the sermon. Sunday school classes will be resumed at 9:30 a. m. with Howard Satterlund, superintendent.

Opening lead—3 ♥		

Put yourself in the position of South. The game is duplicate and you decide to respond one diamond to your partner's opening club. You expect that your partner will rebid one heart and that you will wind up at either a club slam or no-trump game.

Instead of this pleasant development, West doubles and East bids one heart. If you jump in clubs you will wind up at some club contract and will make exactly five odd. What's wrong with that? Nothing in rubber bridge but in duplicate you need those extra points for making four no-trump.

Anyway, this South thought he needed extra points and jumped to three no-trump. Maybe West would shy away from the heart suit and lead a spade.

West did open the three of hearts and South wished he had raised clubs. Still there was nothing to gain from looking glum. He played the four of hearts from dummy and now East went into a huddle. It seemed inconceivable that South would have leaped into three no-trump without a heart stopper. Maybe it was the singleton ace. East played the seven of hearts and South cashed his singleton nine.

Now South had his top score and East had a lot of criticism from his partner, but I am inclined to sympathize with East. He did have a real problem and lots of experts would have made the same wrong guess.

Countermoves in The Quemoy Crisis

- U.S. Fifth Air Force in Japan is put on alert status.
- By sea and air, U.S. 7th Fleet patrols Formosa Strait.
- U.S. naval forces and 13th Air Force in Philippines alerted.
- Eight units of 7th Fleet sail from Singapore for their Okinawa base. Will join Nationalist Chinese naval units in war games off southern Formosa in September.
- By previous agreement, U.S. is charged with defense of Formosa and Pescadores islands, but not offshore islands now under attack. Intervention there is up to President Eisenhower.
- Britain sending two aircraft carriers to reinforce its Far Eastern Fleet. Admiralty declares "nothing sinister" about the shift.

IN HOT SPOT — Nationalist China's Gen. Wang ("Tiger") Shu Ming is commander of all military forces on Quemoy Island, now under Communist Chinese bombardment and threat of invasion.

agency said in a broadcast monitored here that the new limit also applies to Formosa and the Pescadores, 30 miles west of Formosa. Formosa, 100 miles across Formosa Strait from the mainland, long has been claimed by Red China as part of its national territory. Presumably the 12-mile limit is meant to apply to their waters as well as the waters off the mainland.

The value of ophthalmic goods produced by New York State firms totaled \$53.5 million in 1954.

Formosan Crisis Background, Possible Outcome Is Explored

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—This is an ABC on the background leading up to the present Formosan crisis, latest in a series, which might explode into war or melt away by letting the Reds grab a little real estate without a fight.
After World War II the United States pumped money into China to help its wartime ally, President Chiang Kai-shek, establish a stable government, make needed reforms and win the people's allegiance.
The reforms didn't come. The money was squandered. American attempts to get Chiang and the Chinese Communists to work together failed. The Reds grew stronger, smashed Chiang's armies. His troops deserted to the Reds in bunches.

Ignores Both Sides
The United States washed its hands of both sides. In the fall of 1949 the Reds drove Chiang and his remaining troops off the mainland and to Formosa, 100 miles across the Formosa Strait.
But Chiang's forces grabbed and held a number of islands off the mainland. They included Quemoy, the Matsus, the Tachens and a number of tiny islets. The Reds lacked the planes and ships to pursue Chiang and finish him off.
President Truman was so disgusted with the whole situation that early in 1950 he said this country would not get mixed up in the Chinese civil war. This meant Chiang was on his own. Still, the Reds lacked the means to reach and crush him.

On His Own in 1950
He remained on his own the first six months of 1950. Then the Korean War began in June. Truman sent the 7th Fleet into the Formosa Strait to "neutralize" the Red-Nationalist conflict.
The picture changed abruptly in

Monticello Slaying Police Checking Roomers in Death Of Area Woman

MONTICELLO, N. Y. (AP) — Police are checking on former roomers in a house here in their search for the slayer of the widow who rented the rooms.
The body of widow, Mrs. Barbara A. Pulido, who was in her 60s, was found in a bed on the second floor Wednesday. She had been strangled, bound and gagged.
Police Wednesday night released a suspect, a male roomer in the house, and said they had determined he was not implicated. His identity was not disclosed.
Sullivan County Coroner Ralph Breakley said death was caused by strangulation. Mrs. Pulido apparently was slain Tuesday night.
Several rooms in the house were ransacked, and police theorized that the slayer was a robber. It was not immediately determined whether anything was stolen.

Before Dessert
Always remove salt and pepper shakers, condiments such as chili sauce and catchup, bread trays and any other "extras" served with the main course before bringing on dessert.

In 1770, Joseph Priestly, an English chemist and discoverer of oxygen, found that "caoutchouc"—an early name for rubber given it by the French scientist Charles Marie de la Condamine—could rub out the marks of a pencil, the first modern eraser. It is believed that Priestly gave the material its English name of "rubber."

Scenic Road Open Between Bridges

With the closing of the final gap in the 42-mile Palisades Interstate Parkway, motorists now have a direct connection, between the George Washington Bridge and the New York State Bridge, the Authority has announced.

Taking the motorists through some of the most scenic country in the east, the Palisades Parkway gives the 14 million residents of the metropolitan area direct access to the 50 thousand acres of recreational facilities in the Harriman and Bear Mountain sections of the Palisades Interstate Park.

A ceremony opening the final 5.2 mile section between Orangetown and West Nyack was held at noon August 28 with Governor Harriman of New York and Governor Meyner of New Jersey, heading the group of officials from the two states attending the affair.

In the speeches at the ceremony, references were made to the civic minded Hudson Valley families who have donated much of the land for the Palisades Park. These included the Harrimans, responsible for the bulk of the Bear Mountain-Harriman section; the Rockefeller, who gave much of the Jersey Palisades; and the Stillmans, who contributed the Storm King section.

5,000 Cheer Sophia

VENICE, Italy (AP)—Shapely Sophia Loren came back to Italy to a roaring welcome Wednesday night.

Her appearance at the Venice Film Festival was the star's first visit to Italy since her Mexican marriage a year ago to a divorced man was condemned by Roman Catholic Church leaders.

Almost 5,000 persons cheered her as she arrived for the showing of her American-made picture "Black Orchid."

Russell Case Put Over

A further adjournment for a week was taken Wednesday night before Justice Glenford Myers, Saugerties, in the Robert Russell case. Russell is charged by Thruway police with operation of a motor vehicle while under the influence of an alcoholic beverage.

AT CONFERENCE—Vice Adm. Roland N. Smoot, top U.S. commander on Formosa, conducts news conference in Taipei Sept. 3. He said American "help is coming" to meet the Chinese Communist threat to the Chinese Nationalist offshore isles. (AP Photo by radio from Taipei.)

Unscheduled Landing

ROME (AP)—An American airplane salesman trying to fly around the world solo in eight days broke a scheduled nonstop flight from New York to Rome by landing in Newfoundland Wednesday night.

Trans World Airlines said today it had received a message that George Preston Williams, 34, landed at Torbay, Nfld. He had expected to complete the 4,312-mile flight to Rome this afternoon.

TWA said the message gave no reason for the unplanned landing.

Typhoon Rages On

TAIPEI, Formosa (AP)—Typhoon Grace roared across the China Sea today toward Red China's largest city, Shanghai, after battering northern Formosa.

Nationalist Chinese authorities had no reports of casualties from the 115-mile-an-hour winds and torrential rains that lashed Formosa in the early morning hours.

The worst Pacific typhoon of the year, Grace missed Okinawa and Japan as it headed north-northwest.

Miss Mississippi Cops Talent Championship

ATLANTIC CITY, N.J. (AP)—"If ye have faith such as a mustard seed, nothing shall be impossible."

Mary Ann Mobley, entered as Miss America Pageant here, wore a bracelet with this inscription Wednesday night. Inside the bracelet was a mustard seed. Both had been given to her by her Sunday school teacher in Brandon, Miss.

Mary Ann's faith didn't let her down. The 21-year-old senior at the University of Mississippi sang and danced her way to the talent

championship in the first round of the pageant's preliminary competition.

Miss California, Sandra Lee Jennings of Riverside, won the preliminary swim suit event.

The pretty 18-year-old Californian freshman, is 5 feet 5, weighs 121 and has brown hair and green eyes. She is to compete in the evening gown competition tonight.

Miss Mississippi ranged from an operatic solo through torch singing to jazz dancing in pleasing a crowd of 6,642.

Wednesday night's was the first of three preliminary rounds of competition in the pageant. The new Miss America will be crowned Saturday night.

Search on for 17

ADANA, Turkey (AP)—The U.S. Air Force carried on an intensive search today for an American transport plane with 17 persons aboard that disappeared two days ago near the southern Soviet Union.

The C130 Hercules turboprop plane was last heard from on a routine radio report over Van, Turkey, 110 miles southwest of Soviet Armenia. An unarmed U.S. cargo plane got lost in bad weather in that area last June and strayed into Armenia, where two Soviet jet fighters shot it down. The nine crewmen were released 10 days later.

Credit U.S. Stand

TOKYO (AP)—Top Japanese military experts said today America's "hard line" in the Formosa crisis had forced Red China to abandon plans for an invasion of Quemoy in favor of an attempt to starve it into submission with an artillery blockade.

They said the switch in Red strategy was prompted by President Eisenhower's recent statement regarding the increased importance of the offshore islands to the defense of Formosa and the bolstering of American sea and air power in the Far East.

OUTWARD TO THE STARS (15)—Return to Earth

By Don Oakley and Ralph Lane

(1) The first manned space satellite is now ready to return to Earth, after a few hours or days in orbit, as the case may be. In order to slow down, the wing tip rockets are swiveled to fire forward, counteracting the ship's orbital velocity. It is no longer a satellite, but a falling projectile. Or, if it falls too fast—a flaming meteorite.

(2) As the ship enters the atmosphere it is still moving at tremendous speed. The wing tip rockets are pointed downward to aid the ship in climbing back into space to cool off.

The procedure is repeated numerous times until

speed of the craft is cut enough so that it can penetrate the denser regions of the atmosphere. Then normal control surfaces take over and the craft becomes a glider; or if its rockets are used, a normal rocket plane.

(3) Landing is accomplished in a conventional manner, probably on a western dry lake bed such as those from which its predecessors (the X-2, Skyrocket, X-15) took off years before. Still traveling at high speed as it touches the runway, the plane releases parachutes from its tail to brake it. The ground crew races after the plane to greet the world's first spacemen. The pilots will then

face what they may consider the most difficult phase of their assignment—the interviews with scientists, medical examinations, the detailed study of the instrument and camera records of the flight.

(4) Later, after subsequent flights, films taken by pilots in space will be viewed by earthbound citizens on their wall television screens. Still later, "live" television pictures from a ship in orbit may be beamed to home viewers. While the older generation marvels, their children will accept such things as a normal part of their lives.

Next: The Permanent Orbiters.

WALLKILL NEWS

Local Boy Scout Takes Part in Vermont Parley

WALLKILL—A Wallkill Boy Scout from Troop 76 recently took part in the large three day Area II D, Order of the Arrow, conclave at Stratton Mountain Scout Reservation, Vermont.

Edward D. Seely, junior assistant scoutmaster of the troop, was a member of the Rip Van Winkle Council Brotherhood team which administered that tribal rite at the ceremonies.

Seely, who served as assistant director of activities this summer at Camp Tri-Mount, passed requirements there which will entitle him to the Eagle Gold Palm. He also passed the test for Scout life guard. He became an Eagle Scout last year.

A full quota of 25 members O/A of the Rip Van Winkle attended the event and were pleased when the conclave voted to hold the annual festivities next year at the council's location at Camp Tri-Mount, East Jewett.

A Rip Van Winkle Council youth, Jerry Sampson, Kingston, was elected Area II D Lodge Chief. Sampson holds the same position in the Council's Half Moon Lodge, Order of the Arrow.

The first meeting of September of Troop 76 of the Wallkill Boy Scouts will be held Friday at 7 p. m. in the Scout Cabin.

Meetings Resume

The first meeting of the fall session of the Ladies Auxiliary of Rose-Sheely Post 1034 will be held Monday at 7:45 p. m. in the Legion Home. Election and installation of officers for 1958-59 will be the main program of the evening.

The Wallkill Chamber of Commerce will resume its Fall schedule Monday, Sept. 15, at 8 p. m. in the Wallkill Central School cafeteria. The new president, Clifford Quick, will be in charge. A director's meeting will be held at 7:30 p. m. preceding the regular meeting. There will be no special program, but plans will be discussed for the 1958-59 session. Dues will be payable at the meeting.

Class Reunion

The first annual reunion of the Wallkill Central School Class of 1941 will be held at the Wallkill Prison Recreation Grounds for Employees on Sunday, beginning at 1 p. m. Lunch will be provided by those attending for their families. Fireplaces are available. Anyone not able to attend may send a resume of the past 17 years to Lois Morris, class secretary, so that a news letter may be prepared for all alumni of that year.

Reformed Church Notes

Sunday, Sept. 7, will be Mission Sunday at the Wallkill Reformed Church Sunday school. Sunday school will resume for all members Sunday at 10 a. m. and Mission Sunday will be the first Sunday of the fall term. Mrs. Herman Mahlandt is in charge of the program on Japan. A special Missionary offering will be taken as well as the regular weekly offering.

At 11 a. m. regular morning worship services will be held with the Rev. Walter N. Van Popering returning in the pulpit. The senior choir will furnish the music under the direction of Jack Henderson. Mrs. Louise Didsbury will be organist.

Thursday, Sept. 4, choir will hold a regular rehearsal at 7:30 p. m. at the church.

Jack Henderson as director, urges all members to make an effort to attend this initial rehearsal. Mrs. Louise Didsbury will be organist.

Village Notes

Miss Alice Sloan of Ossining spent the weekend at the home of her brothers and families, Mr. and Mrs. John E. Sloan and Mr. and Mrs. S. Kelso Sloan.

Mr. and Mrs. John E. Sloan and son, John B. Sloan, returned home Monday after a weekend at Narrowsburgh.

Mr. and Mrs. Norman Lockwood and family of Poughkeepsie spent the weekend at the home of Mr. and Mrs. Byron C. Lockwood.

Mr. and Mrs. Jesse W. McHugh Jr. and son, Keith, of Syracuse spent the weekend at the home of his parents, Mr. and Mrs. Jesse McHugh. Labor Day they enjoyed a Family get-together with relatives in the vicinity.

Mr. and Mrs. Luke Lyons and son, Luke Jr., spent a part of the past week with Mrs. Nellie Lyons.

Mr. and Mrs. George Carr of Northfield, Mass., spent the past week at the home of his sister, Mrs. Hugh Galbraith.

Mr. and Mrs. Salvatore Chico of Brooklyn were Monday guests of his cousin, Mr. and Mrs. A. S. Ruggiero and family.

Rosendale

Library Association Will Meet Sept. 10th

ROSENDALE — Regular monthly meeting of the Rosendale Library Association will be held Wednesday, Sept. 10, 8 p. m. in the library.

All interested persons as well as members may attend. Detailed reports of the fair held Aug. 16 will be given.

To Meet on Disputes

NIAGARA FALLS, N. Y. (AP)—Union and management representatives will meet today in an effort to smooth out disputes that idled all work on the Lewiston generating station Wednesday. The station is the giant keystone in the state's Niagara power redevelopment project.

Forty power equipment operators walked off their jobs, idling about 750 men in all.

No pickets were posted and an official of the union, Operating Engineers Local 463, said it was not a strike. He said the men just had a number of grievances they wanted settled. Overtime pay and distribution of work were reportedly among the issues involved.

Strippers Seem On Way Out of Plush Vegas Clubs

By JAMES BACON
AP Motion Picture Writer
LAS VEGAS, Nev. (AP) — The forces of decency, helped by the hard economics of the gambling fraternity, could eventually cover up Las Vegas' controversial nude showgirls.

As one big gambling operator put it tersely: "Gambling and undressed broads just don't mix. We've got a good thing here in legal gambling and we don't want to see it taken away."

Veteran Las Vegas hotel men, such as Ben Goffstein of the Riviera and Jack Entratter of the Sands, fought the bare-breasted invasion from its inception more than a year ago. Both reasoned that nudity could well turn the plush oasis into a honky tonk town.

And more important, that it could drive away the lucrative family vacation trade.

"We spent millions of dollars publicizing Las Vegas as a place where the whole family can have a happy vacation, see the finest entertainers in the world and gamble legally, only if they want to," said Goffstein.

Entratter says the married businessman who brings his family with him is still Las Vegas' best customer.

During the Labor Day weekend the Sands had 96 of its 300 rooms allotted to children.

"If the town goes for the striptease boom," says Entratter, "the wives will keep the kids home and their husbands too."

Las Vegas is a unique night club city, especially during summer. Children often make up as much as a fourth of the dinner show audiences.

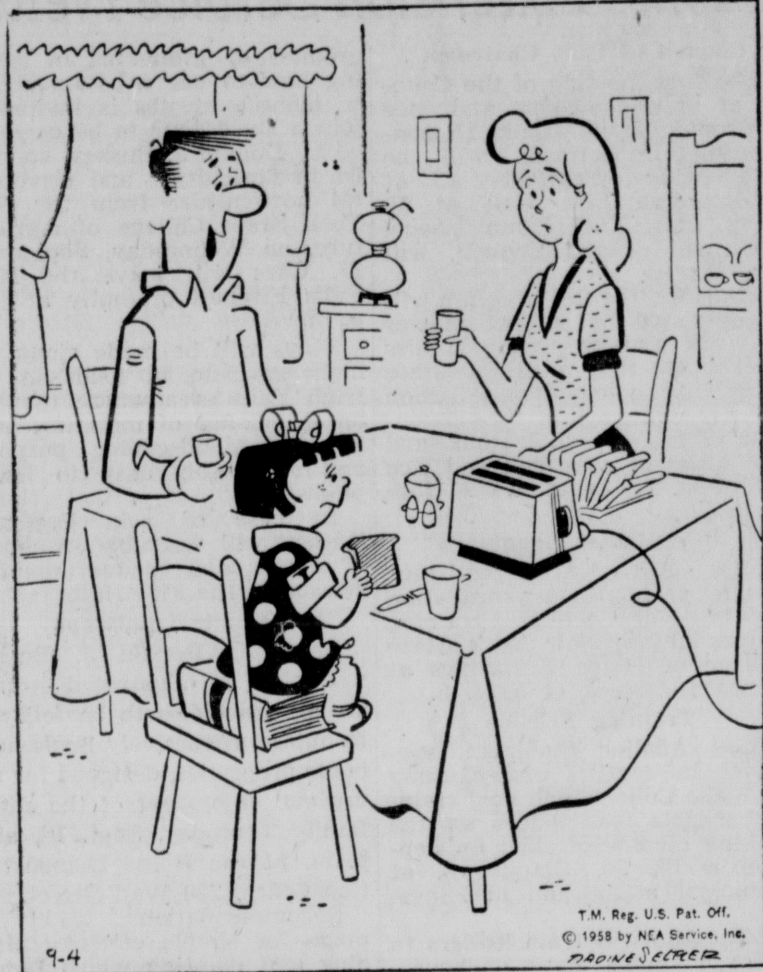

They are barred, however, from the nude girlie shows.

The major hotels have good economic reason to believe that family-type entertainment pays off better than strip-teasers.

Red Skelton, a great favorite with kids, just broke the all-time house record at the Riviera. Then Goffstein shelled out \$250,000 to bring the Broadway hit musical, "Lil Abner," direct from New York for an eight-week stay. It's a clean show, so reflected in advance family reservations for the hotel.

Deaths

By THE ASSOCIATED PRESS

WARSAW, Ind. (AP) — B. B. Ackley, 85, pianist and gospel song writer, died Wednesday. He had traveled all over the world as pianist for noted evangelists, including the late Billy Sunday. He composed more than 3,500 gospel songs.

NEW YORK (AP)—Walter Beinecke, 70, a business executive and once rated one of the world's top bridge players, died Wednesday. He was board chairman and chief executive officer of John C. Paige and Co., an insurance firm, and finance chairman of the Sperry and Hutchinson Co., oldest and largest of the trading stamp companies.

BOLTON, Mass. (AP) — Reginald Coggeshall, 64, retired journalism professor and former newspaperman, died Wednesday. He was a newspaperman with New York and Boston and with the Associated Press. He later taught journalism at several universities

and retired from the faculty at Boston University last June.

Clever Postman

TULSA, Okla. (AP) — Accountant Clinton McGill said he would like to offer a pat on the back to some clever post office worker. He received a gas bill for his company, Van Brown Packing Co., with this address: "WAO BRPWO QUCKNG CO., 1700 N. Ykme."

Red Hook Garden Club Plans Show

The Red Hook Garden Club will present its "Fall Fancy" flower show Friday, Sept. 12, from 2-9 p. m. in the parish hall of Christ Church, Red Hook, according to Mrs. William Landauer, chairman.

Assisting with the plans are Mrs. Edward McNally, schedule; Mrs. Oakleigh Hamm, Mrs. Waldemar Deetjen, staging; Mrs. Louis G. Dillman, entries; Mrs. Howard Laib, arrangements; Mrs. David Block, horticulture; Mrs. Gordon Voorhis, judges; Mrs. Harry Best, hospitality; Mrs. Joseph Vigeant, publicity; Mrs. Roscoe Williams, dismantling; Mrs. Bruce Matthews, conservation; Mrs. Harwood Steiger, education; Mrs. Albert Chase, invitation classes.

Arrangement classes will be as follows:

LABOR DAY—An arrangement of any plant material in a favorite container. (This class is open to anyone who has never won a blue ribbon). Consultant: Mrs. Louis G. Dillman.

SUMMER'S END—A dried arrangement. Open class, Consultant: Mrs. Edward McNally.

SEPTEMBER SONG—A composition suggesting motion. Consultant: Mrs. John Gilman.

WOODSIDE—A composition featuring driftwood. Consultant: Mrs. Edison L. Smith.

CARNIVAL OF COLOR—A mass arrangement. Open class, Consultant: Mrs. Frank Tiebout.

HAYWIRE—An arrangement using imagination and originality. Consultant: Mrs. Robert Bentzen.

FIRST FROST—A composition using white flowers in a white container. Open class, Consultant: Mrs. Oakleigh T. Cookingham Jr.

HOLD THAT MINE—A line arrangement. Open class, Consultant: Mrs. Harwood Steiger.

THANKSGIVING—An arrangement using fruit and/or vegetables with a minimum of foliage. Consultant: Mrs. Paul Bentzen.

AFTER THE GAME—Buffet table. Arrangement to be displayed on two card tables supplied by exhibitor, sealed for four or more. Candles optional. Consultant: Mrs. Louis G. Dillman.

FALL BRUNCH—One place setting on a mat accompanied by a suitable arrangement. Consultant: Mrs. John Rowe.

LITTLE ACORNS—A miniature arrangement (not to exceed 3 inches overall) to be staged in a niche 8x8 1/2. Consultant: Mrs. Gordon D. Voorhis.

FALL TREASURES—A small arrangement (not to exceed 6 inches overall) to be staged in a niche 8x8 1/2. Consultant: Mrs. Roscoe Williams.

Junior Section

BACK TO SCHOOL—An arrangement in an ink bottle. Consultant: Mrs. George Fluegel.

JACK-O-LANTERN—A creation using vegetables and/or fruits. Consultant: Mrs. Clifford Alexander.

Good Taste Today

By EMILY POST
and "Etiquette" etc.
Author of "Children Are People"

APOLOGIZING WHEN RIGHT

Dear Mrs. Post: My sister's husband passed away last week and after the funeral some fifteen relatives came back to the house instead of going home. My sister was very tired from the long strain and I felt she was in need of rest and quiet which was impossible with a house full of people. After a half hour had passed and they made no attempt to leave, I took it upon myself to ask them to please go as Mary was very tired. I understand that one of the relatives present was very much put out over this and said she was never so insulted in her life. Will you please tell me if she has grounds to feel hurt and if an apology is in order?

Answer: Although it is my definite opinion that an apology is not "in order," family peace is always important and to say that you did not intend to hurt anyone's feelings (and very certainly not her's) is merely telling the truth. Remember, however, that what you did was exactly what you (as her nearest relative) should have done and therefore do not agree that you were in the wrong.

Making Up at Table

Dear Mrs. Post: I dine out quite a lot and I have noticed more and more women, even in the best restaurants, take out lipstick and compacts and proceed to make up their faces at table. Is this good taste? To me it is revolting and in my opinion any repairing of make-up should be done in the powder room. I would like to know what you think about this?

Answer: A well-bred woman always avoids making up in public; cosmetics and food do not go together. At the end of a meal, a woman may quickly powder her nose and put on a little lipstick if necessary. But to sit and dab at her face in a little mirror for any length of time is very bad taste.

Opening the Door for Guests

Dear Mrs. Post: We live on the second floor of a two-family house. When I answer the doorbell, should I let my guests precede me up the stairs, or do I go first?

Answer: You let your guests go up ahead of you, unless there is a second door at the top of the stairs, in which case you would lead the way, and open it for those following you.

Should the tissue papers covering the engraving on wedding invitations be removed before mailing? This and other information will be found in leaflet E-10, "Wedding Invitations and Announcements." To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P. O. Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

Home Extension Service News

Council of Unit Chairmen

The first meeting of the Council of unit chairmen and vice chairmen of the Home Demonstration Department will be held Friday, September 5 at Bloomington Fire Hall at 10 a. m. Mrs. Emil Himmelsbach, Chairman of the Council, will preside.

Plans for the fall program will be discussed by subject matter sponsors and the agents. Miss Rachel Merritt, assistant state leader of home demonstration agents, will review the Extension Service organization and the duties of chairmen and vice chairmen. The meeting will close at 12:30.

Assistant Agent

Miss Alice Aho, assistant county home demonstration agent, will attend training classes at the New York State College of Home Economics at Ithaca the week of Sept. 8.

Training Schools

Miss Adaline Snellman, specialist in textiles and clothing from the College, will hold training schools for leaders on the making of a wool skirt on September 16, 30, October 8, at municipal auditorium in Kingston.

Miss Aho will train leaders to make a simple dress or housecoat on September 17, 23, October 2, and 9.

Miss Therese Wood, specialist in food and nutrition, will hold the first training school on yeast breads at the Fair Street Reformed Church hall on September 18.

Mrs. William Adams, county leader of millinery, will conduct the second training meeting for leaders in two sections. Section I will meet at the municipal auditorium on Friday, September 19 and Section II on Monday, September 22.

Local Plant Materials

Any one desiring to use native shrubs in landscaping home

grounds or interested in learning how to use a botanical key to identify shrubs is invited to join a short tour to be conducted by Donald J. Bushey, specialist in floriculture and ornamental horticulture from the New York State College of Agriculture, on Wednesday, September 17. Cars will leave the High Falls Firehall promptly at 1:30 p. m.

Stops will be made along the highways and in fields in the High Falls area where there is an abundance of materials suitable for landscaping purposes and reasonably easy to transplant.

In case of rain Professor Bushey will assemble specimens of shrubs and conduct the discussion in the Fire Hall.

How to Landscape

Professor Donald J. Bushey will give an illustrated lecture on the principles to be followed to obtain attractively landscaped home properties, designed for the use and enjoyment of the entire family Thursday, Sept. 18, at 8 p. m. at the Home Demonstration Office, 220 Wall Street.

Recommendations will be made for simple effective planning and planting which family members can do themselves at

moderate expense. The meeting will be equally valuable for those just beginning to landscape their home grounds or those who contemplate some changes.

Both the tour on the identification of native materials and the lecture on landscaping are jointly sponsored by the Agricultural and the Home Demonstration Departments of the extension Service.

Wiltwyck Unit

The first monthly meeting of the Wiltwyck Unit will be held at the rooms on Broadway Tuesday, Sept. 9, at 1:30 p. m. The fall millinery kit will be available at that time and membership will be received. Anyone interested is invited to attend.

Everything for Dad and the Lad
331 WALL STREET KINGSTON

League Exchange Will Open Season Monday

Junior League Exchange of 45 Crown Street, opened for consignments on September 3-5 and will be open for sales on September 8.

Merchandise from consignors is received during marking room hours only. Articles left when the marking room is closed will be considered donated. All merchandise must be in season, clean and well pressed.

Every effort will be made to sell the merchandise which is in good condition for the best obtainable price. However, the shop reserves the right to reduce the price of any article not sold within 60 days.

The consignors may claim any article not sold within 90 days. However, if the article has not been withdrawn before the expiration of 90 days, it will be sold at any obtainable price or given to an organized charity. Any article received during March, April or May must be withdrawn before June 1.

The Marking Committee makes all final decisions. If the clothing has defects such as missing buttons and belts, stains, holes or tears, it must be accepted at a minimum price or as a donation. All articles are left at the owners risk. Articles received by mail will be accepted at the discretion of the Marking Committee and cannot be returned.

The Junior League Exchange is a non-profit enterprise. Funds raised are for the purpose of the Kingston Junior League's Community Trust Fund which contributes to the support of community services.

This project of the Kingston Junior League is twofold. It gives the people of this community a place to sell articles they no longer use and clothing that is outgrown but still in good condition and also a place to buy good used articles.

Anyone wishing to donate articles may bring them in any day and leave them at the shop.

All money raised by this project goes toward the many Community Welfare Projects of the Kingston Junior League. These include Children's Room at the Library, Cheer Chain service, Cerebral Palsy Center and the Children's Theatre.

The Junior League Exchange staff consists of Mrs. Arthur Hazenbush, chairman; Mrs. Eugene Bevard, co-chairman; Mrs. Herbert Gade, treasurer; Mrs. Fred Carr, assistant treasurer; Mrs. Thomas Henebery, press and publicity; Mrs. John Wilkie, promotion; Mrs. James Hanstein, pricing; Mrs. Clyde Wonderly Jr., secretary; Mrs. Charles Meyer, Dr. Shirley Collins and Mrs. Charles Gaffney, staffing.

Sustaining members are Mrs. Henry Parker and Mrs. Jacob Tremper.

Mohonk Garden Week Opens on Monday

Ruth H. Smiley, program chairman for Lake Mohonk Mountain House, has announced that Mohonk Garden Week will be held this year from Monday, Sept. 8 to Friday, Sept. 12.

Consultants in horticulture and landscape will be in attendance to assist with individual garden problems. Throughout the week, special exhibits of garden and nature interest will be scheduled.

The Mohonk garden is reported to be one of the largest formal gardens in the state. It includes a show garden of approximately 100 beds, planted with annuals and perennials, a rock garden, rose gardens and a varied and extensive collection of flowering shrubs and specimen trees.

Flower Show

At the 11th annual flower show sponsored by the Stone Ridge Grange on August 23, Mrs. Marian Ostrander won the cup for the second year with a total of 111 points. This cup, which is presented by Valley Gardens, must be won three successive times for permanent possession. There were 42 exhibitors this year which included nine children.

Other award winners in the various classes were as follows: Horticulture, Donald VanDeMark of High Falls, 27 points; Mrs. Alice Upright, Cottickill, 20 points; Mrs. Margaret Basten, Stone Ridge, 18 points; Miss Lilian Bogart, 17 points; Miss Charlotte Bogart, 13 points.

Artistic arrangement — Mrs. Myrtle Brown, Hurley 36 points; Mrs. Lulu Ropson, High Falls, 20; Mrs. Ethel Mack and Mrs. Mildred Maurer of Stone Ridge with a tie of 15 points each.

Produce winners—Mrs. Margaret Basten.

Winners in the children's classes in artistic arrangement: Ginny Davenport of Stone Ridge 10 points; Beverly Schoonmaker, Accord, 9 points; Bonnie Zorher and Debbie Davenport with 8 points each.

The youngest exhibitor was four year old Thomas Lynch of High Falls who won a blue ribbon with his entry of an 18-foot sun flower.

Art Exhibit — The winner chosen by popular vote: First, Mrs. Ethel Mack, Mrs. Ruth Basten, second, Mrs. Louise Roosa, third.

Judges for the show were Miss Helena Olds of New Paltz, Mrs. Irving Van Wert of Pleasant Valley and Mrs. Alfred Plotzky of Wappingers Falls.

A cafeteria supper was served at 5:30 p. m.

Co-chairmen Miss Edythe Newkirk and Mrs. Ethel Mack expressed their thanks to the committees, assistants, exhibitors and visitors who helped make the show a success.

Very Religious

W. C. Handy, composer of "The St. Louis Blues" and other musical classics, was a very religious man. He was a member of the Methodist Episcopal Church and wrote many spirituals.

Making blueberry jelly? Pectin will need to be added in order to have the berry juice jell.

PROCLAIMS ISRAEL BOND MONTH—Mayor Edwin F. Radel, (right) signs proclamation declaring September as Israel Bond Month on the occasion of Israel's 10th anniversary. Alfred D. Ronder, chairman of the Kingston area committee for State of Israel Bonds witnesses the signing. Stressing that "the State of Israel bond campaign has been the major source of investment capital behind Israel's rapid economic progress and growth in her first decade," Mayor Radel pointed out that bond dollars have been used to carry out an intensified program of agricultural and industrial development and expansion. He urged public participation in the campaign. (Freeman photo)

Community Theatre Fashion Show Will Be Seen Tonight

A "first" for the Community Theatre will be launched tonight at 9 p. m. when the latest in gowns, party dresses and bridal outfits will be fashioned on stage.

Local models have been asked to appear and the show promises to be informative as well as entertaining.

Fashions will be shown through the courtesy of the Bridal Centre Salon, 55 Albany Avenue, and Connie Ciccone, bridal consultant.

Ceramic Show Will Open in Kingston

A ceramic show sponsored by the Mid-Eastern Chapter of New York State Ceramic Association, will open at Kingston Hotel on Saturday, Sept. 27, 12 noon to 9 p. m., and Sunday, Sept. 28 10 a. m. to 6 p. m.

Public is invited. There will be no admission charge.

Reservations for tables for exhibition purposes may be made by contacting Mrs. Marie Carroll, 50 Spaulding Lane, Saugerties.

All reservations should be completed by September 22.

Kingston Hospital School of Nursing Opens September 9; Affiliate With Paltz College

The Kingston Hospital School of Nursing will begin its 66th year with registration of students on Tuesday, September 9.

The school was founded in 1893 and since that date has graduated a total of 505 nurses.

At the present time, the course in nursing covers three years. During the first year, all students affiliate with the State Teachers College at New Paltz for two semesters, four days a week. They receive 30 college credits, including instruction in anatomy, physiology, chemistry, microbiology, sociology, psychology, and oral and written English.

While at college, the students enjoy all the privileges the campus has to offer, including various social activities. Transportation to and from the college, and luncheon at the college, are provided by Kingston Hospital.

On the fifth day of the week, first-year students remain at the home school where instruction is given in fundamentals of nursing, pharmacology, professional adjustments and nutrition.

During the second year, additional theoretical and clinical instruction is given in history of nursing, obstetrics, diet therapy, pharmacology, public health, medicine, surgery and their specialties. Also during this year the students attend classes in swimming and calisthenics at the local YMCA.

In the latter part of the second year and in the third year, the students affiliate with Children's Hospital in Buffalo for three months' instruction in pediatric nursing; and at Hudson River State Hospital, Poughkeepsie, for three months' instruction in psychiatric nursing.

Also during the third year is the professional adjustments course. During this time, the students have an opportunity for advanced clinical experience under close supervision and guidance.

Recreation available to the students during their training period includes dances, field trips, picnics. There is a residence which can accommodate up to 60 students and includes a large reception room, kitchen and laundry facilities. The residence is under the supervision of a residence director.

The school has its own professional and recreational library

under the direction of a qualified librarian. Students also have free access to the Kingston Public Library and the medical library of the City of Kingston Laboratory.

Control of the educational unit of nursing is vested in the Board of Trustees of Kingston Hospital, which provides facilities and funds for the support of the program and accepts the responsibility for the promotion of a sound educational program.

The school is registered with the Board of Regents of the University of the State of New York and has national accreditation.

Democratic Women Plan Bake Sale

Democratic women of Kingston will hold a bake sale Friday, 10:30 a. m. at Montgomery Ward and Company.

The sale is one of a series throughout the four counties in the 34th Senatorial district which will be held in support of the candidacy of Harriet Allen Kerr of New Paltz for state senator.

Kingston women in charge of the sale include the Mmes. Lincoln Crosby, William Kelly, John Hogan, Francis Murray, Wesley Dunbar, George Magley, Anne M. Ashdown, Frank Jablonski.

A feature of the sale will be special gift cards for all who stop at the table. The cards will contain one of Mrs. Kerr's favorite recipes and a brief biography.

The 34th district includes Delaware, Greene, Sullivan and Ulster Counties.

Festival Management, Local Residents Strive To Make Ellenville Permanent Cultural Site

An all-out effort is being made to keep the Ellenville Music Festival at its present site according to reports received today at The Freeman from Harry Thayer, publicity chairman.

A committee of Ulster County residents plans to meet next week with the Commissioner of Education at Albany to discuss the possibility of establishing the Ellenville Festival as a permanent cultural site for the State of New York. This would mean the Festival would be backed with state funds.

Frank Forest, managing director of the Festival, when asked whether or not he would care to relinquish the site to the State of New York said:

"I am willing to do anything to keep the Festival in existence. Naturally I want to get some of my investment back some day."

From all reports, people in Ellenville have been working all the time to keep the Festival alive.

"The Festival is like an umbrella over the Empire State," says Mr. Forest. "There is really no one place that can really claim it as its own but I am certainly making no moves until I hear from the Ellenville movement now afoot on behalf of this venture."

Referring to recent articles in New York City newspapers claiming that the Festival is in an undesirable location and should be moved, Mr. Forest said:

"I do not control for one instance what anyone prints in their newspaper, but I am not making any moves at this time."

Mr. Thayer said today that backing from the State of New York would almost immediately eliminate the tremendous cost of \$25,000-\$30,000 needed each season just to put up the tent, fix the stage, and take care of the mechanical requirements. The same amount is needed again at the close of the season.

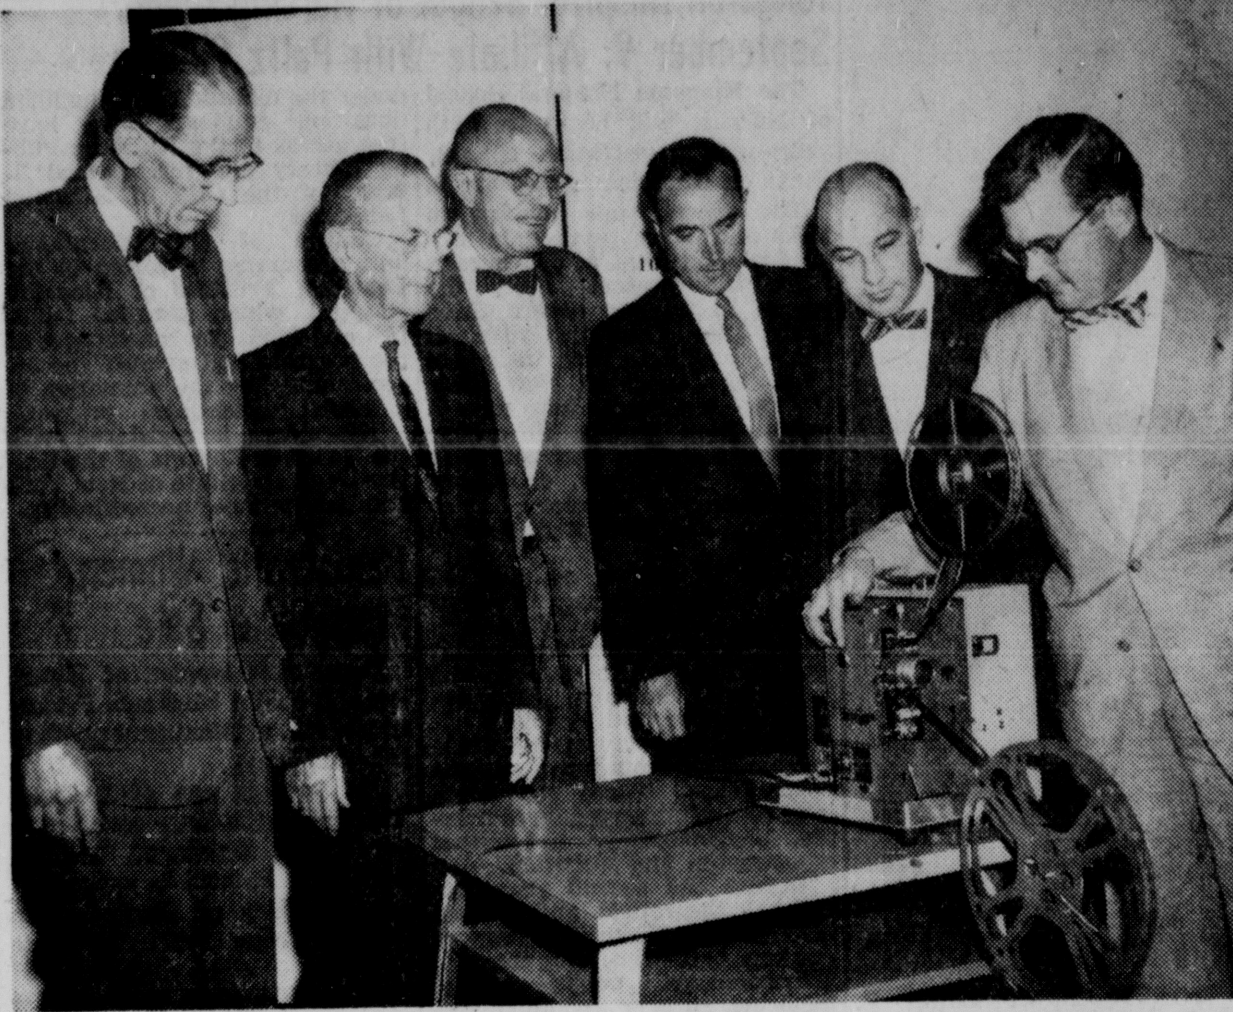

"Murder in the Cathedral" which was rained out in Ellenville, will be presented on September 17 and 22 at Carnegie Hall, according to Mr. Thayer. Nicola Rossi-Lemeni will return from Italy to sing in the leading role.

Extensive preparations are being made to make possible an inspiring production.

Killed in Collision

CANASTOTA, N. Y. (AP)—Robert Jaquin, 38, of Canastota, was injured fatally Wednesday night when his motorcycle and an automobile collided near this Madison County community.

Almost one-half of those producing ophthalmic goods in the United States are employed in New York State.

ACCEPT GIFT FOR INFIRMARY—Officials of Ulster County Infirmary accept a new motion picture projector on behalf of the patients. Robert Brown, (right), health educator of Ulster County TB and Health Association demonstrates new facility to (l-r) Harry Sutton, commissioner

Present County Infirmary With New Movie Projector

A wish of the patients of the Ulster County Infirmary on Flatbush Avenue was granted Tuesday, when Harry D. Sutton, Ulster County Commissioner of Public Welfare, accepted in their behalf a new moving picture projector with day-life screen and all necessary equipment.

Edmund P. Rochford, chairman of the projector committee, made the presentation for the TB and Health Association. Also present were George Svirsky, president of Kingston Lions Club; William Teegan, chairman of community service of the Kingston Rotarians and Cluett Schantz, superintendent of the infirmary.

The rehabilitation committee of the Ulster County TB and Health Association has for the past year sponsored the patients' service work at the infirmary, which includes entertainment, visiting, birthday greetings and a cake for each patient, as well as assisting the occupational therapist.

The same type of program has been sponsored and financed by the Christmas Seals group at the Ulster County TB Hospital for a number of years and has proved invaluable in the treatment of the patients who are working toward their recovery from tuberculosis.

Wish of Patients

Several months ago the Rehabilitation committee of the Ulster County TB and Health Association learned from Mrs. Hilda Yerry, nurse in charge, at the infirmary, that the patients wished for their own projector so they could have movies more often. After a few showings by the TB Association staff it was found the patients enjoyed the shorts, travelogues, and other films very much. Clifford Donohue of the New York Telephone Company, volunteered to run the projector for their evening entertainment.

This information was relayed to several civic organizations by the committee under the chairmanship of Rochford.

The following groups responded with contributions:

- Kingston Rotary Club, Kingston Lions Club, Kingston Junior Chamber of Commerce Auxiliary, 50 Club of Kingston, Kingston Council 275, Knights of Columbus, Zephaniah Lodge 31, B'nai B'rith and Marlboro-Milton Lions Club.

A portable table will be built by the patients of the Ulster County Tuberculosis Hospital under the direction of Charles Tarsia, occupational therapist, and will be given to the patients so the projector may be moved to different parts of the building. Dark shades for the windows of the first floor sun parlor will be provided by Kingston Lions Club.

Talmud Torah Classes To Reconvene; Dates Are Announced Here

The Talmud Torah of Kingston, Inc., will reconvene for fall classes according to the following schedule:

Classes will meet at the Jewish Community Center, 265 Wall Street. Sunday school groups will meet at 9:45 a. m. Sunday, Sept. 7, while Hebrew School instruction begins at 4 p. m. Monday, Sept. 8.

All pupils are requested to bring their registration cards to the first class. Mrs. George Muller is in charge of late-registration information.

New Social Club Will Be Launched Saturday

A new Mr. and Mrs. Club of Temple Emanuel will be launched Saturday, 8 p. m., in the Temple social hall on Abel Street.

A covered dish supper and a program of special entertainment is planned for the evening.

Committee in charge includes Mr. and Mrs. Robert Ronder, Mr. and Mrs. Sam Greenspan, Mr. and Mrs. Morton Kamen and Mr. and Mrs. Joseph Mautner.

Reservations may be made by contacting any member of the committee.

have seemed beautiful earlier now will be breath-taking," he explained.

Since many experienced gardeners plant their roses in the fall, Perkins highly recommends that home owners visit the country's display gardens now to pick out the varieties needed to complete their own rose plantings.

Among new varieties displayed at the Jackson & Perkins garden are the new All-America floribunda, Ivory Fashion, and the

bi-colored hybrid tea, Kordes Perfecta, which won the Gold Medal at the International Rose Test Gardens, Oregon.

Other New Roses

Some others that home rose gardeners may see for the first time are: the charmingly fragrant floribunda, Fashionette; a clear yellow grandiflora, Gold Coast; the deep red floribunda, Red Wings; and a light pastel pink floribunda, Pink Chiffon. In addition there are the well-known All-America floribundas,

rusilier, an orange scarlet, and Gold Cup.

Equally well known among the hybrid teas are the yellow Arlene Francis and the Gail Borden which has the combination of pastel pink with apricot tints. Also, there are the lavender hybrid tea, Sterling Silver and White Queen.

The Jackson & Perkins rose garden is 32 miles east of Rochester and only a few minutes drive from the New York Thruway, exists 42 and 43.

Today's Business Mirror

By SAM DAWSON

By SAM DAWSON
AP Business News Analyst
 NEW YORK (AP)—The revival of business activity will find many companies in a position to cash in on one phase of their farsightedness—emphasis on research for new or better products even while the economy was taking a breather.

Three out of four companies, according to one poll of more than 800, have either increased or maintained their spending on research and development this year. Over-all expenditures are running four per cent ahead of last year.

Long Term Plan
 Research is a long term proposition and it aims at a distant tomorrow—sometimes years away. Thus in their planning many companies try as far as possible to overlook the less severe ups and downs of the business cycle.

Some of their spending is for

basic research—that is, pure science out of which tomorrow's unknown wonders might spring. Most of them, however, spend for applied research—that is, the search for new marketable products or better methods of production.

In the months just ahead the success—or failure—of many of these ventures will be tested in the market place.

The U.S. government, the universities, and industry together are spending more than 10 billion dollars this year on scientific research, with industry's share topping seven billion dollars.

Chills Arise of Few
 The recession apparently has chilled the research ardor of only a few industries. It seems actually to have inspired others to increase their spending in search of new ways to lure customers or to cut costs.

In a study of the budgets of 833 companies, the American Management Assn. reports today that 390 have increased their expenditures for research, 275 have maintained last year's pace, and 168 have cut their spending.

In 1957 the 833 spent an average of 2.8 per cent of their sales take on research and development.

Budgets Up 26 PC
 Breaking the returns down by industries, AMA reports the biggest increase this year was by 14 makers of transportation equipment (other than autos and aircraft). Their budgets are up by an average of 26 per cent. The aircraft industry averaged a 3.8 per cent increase, while auto spending was down by 6 per cent.

Marked increases in budgeting for research were reported by service machinery, up 13.3 per cent; chemicals, up 10 per cent; food and beverages, 8.3 per cent; and stone, clay and glass, up 7.1 per cent.

As a group the nine construction machinery companies showed the biggest drop, down 15 per cent, with engines and turbines next, off 9 per cent. Other decreases include autos, miscellaneous machinery, rubber and miscellaneous manufacturing.

So warn 'n' colorful! Extra-easy—afghan is knitted in alternating strips, 3 and 5 inches. Use odds and ends of knitting worsted for this bright afghan. Terrific for trips, games, wintry evenings. Pattern 7338: knitting directions for afghan.

Send Thirty-five cents (coins) for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to The Kingston Daily Freeman, 51, Household Arts Dept., P. O. Box 163, Old Chelsea Station, New York 11, N. Y. Print plainly NAME, ADDRESS, ZONE, PATTERN NUMBER.

Send Twenty-five cents more for a copy of our Alice Brooks Needlecraft Catalogue. Two complete patterns are printed right in the book... plus a variety of designs that you will want to order: crochet, knitting, embroidery, huck weaving, quilts, toys, dolls.

Keating Sees U.S. Urging UN Probe Of Soviet, Jews

WASHINGTON (AP)—A U. S. Supreme Court justice has rejected bids for freedom from five men jailed after they refused to tell New York investigators what happened at the Apalachin, N. Y., gangland meeting.

Justice John Marshall Harlan said in a decision Wednesday he felt he lacked jurisdiction. He said questions concerning the validity of the commitments were premature because they had not been ruled upon by New York courts. The five, among those rounded up in a State Police raid last November, declined to answer questions by New York's Investigation Commission. Justice Morris E. Spector of the New York Supreme Court ordered the five jailed until they answer.

The men are Frank Joseph Valenti of Rochester, Joseph Riccobono of Staten Island, Rosario Mancuso of Utica, Paul Castellano of Brooklyn, and Michael Miranda of New York City. They appealed Spector's action to New York State courts. Meanwhile, their lawyers asked Justice Harlan to stay Spector's order or direct that they be released on bond.

Harlan noted that two New York judges had denied bail. "In the exercise of my discretion, I declined to disturb these determinations," he said. Harlan also declined to hear arguments by attorneys for the five New Yorkers. He said that would be unnecessary.

WASHINGTON (AP)—Rep. Kenneth B. Keating says the Eisenhower administration may support his move urging a United Nations investigation of alleged Russian persecution of Jews.

Keating is the Republican candidate for U. S. senator from New York in the fall election. He lives in Rochester.

In a statement Wednesday, Keating quoted James J. Wadsworth, deputy U. S. representative to the U. N., as saying Wadsworth would ask the State Department to study carefully the possibility of some action.

Keating said he hoped the State Department would "see its way clear to push for a sustained and powerful investigation and indictment of the Soviets for their base treachery in treating the Jews and all minority groups."

Livestock Prices

BUFFALO, N. Y. (NYSDA) — (AP)—Closing prices.

Salable cattle 150, total 300. Steers and heifers: No arrivals. Dairy type slaughter cattle: Demand good, market steady. Football Prospects Bright for Unbeaten Onteora, Need Passer

A PRETTY PICTURE—Kingston Mayor and Mrs. Edwin F. Radel are in the limelight at the winner's circle at Monticello Raceway where Mayor Radel holds a silver cup which he presented to William Rossback, driver of Sadir Pick, winner of the Kingston Trot. At left is Franklin E. Devlin, general manager of Sullivan County oval.

50 Report to Coach Witko at Opening Drill

A 50-man squad, many of whom are big in stature, but yearning for a quarterback to replace Norm Boggs reported to Head Coach Ed Witko at Onteora Central yesterday for the initial workout.

Coach Witko, like most mentors, was quite pessimistic about his 1958 edition. What worries the likeable Indians' coach is the lack of a good passer and a T-quarterback to supplant the graduating Boggs, and peril of an eight-game win streak.

"Unless I come up with someone who can handle those chores I may have to switch to a single wing formation," Witko added. He is hopeful that one of the 38 returning veterans may be converted into a suitable T-back.

Backs Plentiful

"There are plenty of good hard-running backs among the pack," the coach added, "but I'd trade one or two for someone with a knack for deceiving opposition from the quarterback slot."

The Indians may be a little weak in the line, but there is plenty of potential which could make the Boiceville squad a powerhouse. Coach Witko beams when he lists some of his 200-pounders who could fill the gap in the line. The return of Pete Tosi, a 240-pound tackle, is encouraging and there would be a lot more joy in Boiceville if Gill Scheringer, a 6-6, 250-pounder, would stick with the squad for more than the two games he played last season.

Lots of Weight

Scheringer apparently has a phobia for extracurricular activities and in the past has permitted his scholastic rating to dip below the passing mark. If he makes the grade, he definitely will be a tremendous help.

The UCAL champions open a six-game schedule Sept. 20 at Pawling with a scrimmage game booked for Sept. 17 against Saugerties High. A nonleague game on Sept. 27 at Cornwall is the last before the Indians open the UCAL campaign Oct. 11 against Wallkill.

Of the 31 gridders who were on the team last season, Coach Witko has five regulars back. Besides Tosi, there is Tom Casimir at guard; Bob Shulman at one of the end posts; and Bruce Wiederspiel and Tom McCrosson in the backfield.

Widely Power-Runner

Coach Witko has a power-runner in Wiederspiel who racked up 600 yards during last year's undefeated season. With McCrosson and possibly Shulman, who may be used in the backfield because of his speed, the Indians are strong in the running department.

Some of the boys whom Coach Witko feels will strengthen the squad are Ivan Eignor, Harry Roberts, John Peterson and George Thompson, all hefty line candidates. Backfield hopefuls include Ralph Tripico, Otto Scheu and Gary and Duane Moore.

Aiding Witko will be Coaches Andy Shekita and Tom Wheeler and Boggs and John Backer, a former Onteora center, who is going to Colgate. Boggs leaves in two weeks for Hamilton College, Canton. Both will provide plenty of help for the Onteora coaching staff.

Spahn Nears His Ninth Twenty-Victory Year

By ED WILKS
Associated Press Sports Writer

Warren Spahn seemed to have hit a snag in pursuit of his ninth season of 20 or more victories. He had won only one of his last three decisions, and there he was, trailing 1-0 after seven innings.

So the Milwaukee Braves came up with 11 runs in the last two frames at Philadelphia Wednesday night, beating the Phillies 11-5 for Spahn's 18th victory.

It gave them a nine-game lead in the National League — their largest since moving to Milwaukee in 1953.

Cincinnati knocked off the Pittsburgh Pirates 7-4 and Los Angeles kept San Francisco in a second-place tie with the Bucs by trimming the Giants 5-3. St. Louis defeated the Chicago Cubs 9-7 in 12 innings.

The Braves came from behind on Joe Adcock's three-run homer, his 17th, in the eighth, chasing loser Seth Morehead (1-4). The champs made it a six-run inning against reliever Jim Hearn with the help of errors by the Phils, who counted five boots for the game, then put across five more in the ninth.

Newcombe Wins It

Three runs in the seventh won it for the Redlegs. George Crowe's single scored the run that broke a 4-4 tie, and Don Newcombe's two-run pinch single put it away. Don Gross (5-6) was the loser, with Willard Schmidt (3-6) the winner, both in relief.

The Dodgers made it two in a row over the Giants for the first time this season on Duke Snider's two-run homer in the ninth off losing reliever Red Worthington (11-7). The Giants managed only four hits. They got only two over the last seven innings off reliever Sandy Koufax (10-9), one a solo homer by Orlando Cepeda, his 24th, in the sixth for a 3-3 tie.

Joe Cunningham's fourth hit, a two-run triple with two out in the

12th, got the job done for the Cardinals and reliever Jim Brosnan (10-8). Cunningham drove in four runs for the Cards, who scored four unearned runs in the third, then blew a 7-2 lead as Ernie Banks hit his 43rd home run, Bob Taylor his 18th and Tony Taylor his sixth for the Cubs. Bill Henry (4-4), sixth of seven Cub hurlers, lost it.

Stoneham Opposes Further Expansion

SAN FRANCISCO (AP)—Horace Stoneham, president of the San Francisco Giants, says he is against National League expansion at this time.

"No vote could be taken without unanimous consent of the club owners and that would be impossible," Stoneham said of a report Wednesday that Baseball Commissioner Ford Frick would ask major league club owners next week to vote to expand the National and American Leagues to 10 clubs.

The owners will hold a joint meeting in Chicago Tuesday. Stoneham said he will pass up the meeting.

Ruben Amaro, St. Louis Cardinal infielder, was brought up from Rochester this season. He had batted but .200 in 92 games. He is a native of Mexico.

Seniors Golf to Draw Record Field Sunday at Woodstock CC

Mrs. Staples - Mrs. Olivet Capture Handicap Titles

Mrs. Terry Staples and Mrs. John Olivet have captured their respective divisions of the handicap tournament for women at the Twaalfskill Club.

Playing with full handicap, Mrs. Staples defeated club champion, Mrs. William D. Harris, 2 up, with an allotment of 18 strokes in the combined Class A and B finals.

Mrs. Olivet won the Class C handicap title with a 2 and 1 victory over Mrs. Arthur Hazenbush. Previously she had scored victories over Mrs. John Purvis and Mrs. Austin Boyd, Jr., 4 and 3.

In the Class A finals, Mrs. Harris and Mrs. Staples were all even at the end of nine holes. Mrs. Staples moved 1 up on the

14th hole and cinched the match when both had 6s on the 18th, giving Mrs. Staples a net 5 with her stroke handicap.

The results:

Class A-B

Mrs. W. D. Harris defeated Mrs. Charles P. Vogel.

Mrs. H. F. King defeated Mrs. William T. Fuller, 1 up, 20 holes.

Mrs. W. A. Kelly defeated Mrs. Edward Minasian.

(Second Round)

Mrs. Harris defeated Mrs. King, 4 and 2.

Mrs. Staples defeated Mrs. Kelly.

(Finals)

Mrs. Staples defeated Mrs. Harris, 2 up.

Class C

Mrs. Arthur Hazenbush defeated Mrs. George Rusk, 6 and 4.

Mrs. Robert Umpleby d Mrs. Eugene Berardi.

Mrs. John Olivet d Mrs. Austin Boyd Jr., 4 and 3.

Mrs. John Purvis d Mrs. Bustin S. Davis, 1 up.

Mrs. Hazenbush d Mrs. Umpleby, 2 and 1.

Mrs. Olivet d Mrs. Purvis, 2 and 1.

Mrs. Olivet defeated Mrs. Hazenbush, 2 and 1.

Tigers' Ace, Lary, Loses Two-Hitter to Chisox

By ED WILKS
Associated Press Sports Editor

Think you want to be a major league pitcher? Nice job, that. You can give up 10 hits in one game and win, then allow the same club only two hits five days later and lose.

Or you can win nine of your last 11 decisions — and finally reach .500 for the season, too.

That's the way things went Wednesday night for right-hander Frank Lary of the Detroit Tigers, who lost 1-0, and Dick Donovan of the Chicago White Sox, who beat him with a five-hitter.

Lary (14-13) had a no-hitter for 6 1/3 innings. Then Billy Goodman blooped a single and Sherm Lollar followed with a double. Lary retired the next eight men, but it was all over. Donovan made off with his second consecutive shut-out and a 12-12 record. He had only a 3-10 record at the All-Star game, but has won all but two of 11 decisions since.

The New York Yankees reduced their magic number to 10 over the second place White Sox by defeating Boston 8-5.

A's Eliminated

Baltimore broke a tie for fourth with Detroit by defeating Washington 4-3. Kansas City rapped Cleveland 6-2, but the seventh-place A's were eliminated officially from the flag chase by the Yank victory.

The Yankees put it away on Yogi Berra's 22nd home run, a three-run shot in the ninth off Leo Kiely — a lefty reliever brought in to face the left-handed batting Berra. Ryne Duren (6-3) won it with two perfect innings, fanning the last four men, in relief of Murry Dickson. Murray Wall (7-8) was the loser.

Baltimore took it with two runs in the ninth, on a pair of walks, a tie-breaking pinch single by Bob Hale and a clinching single by Bob Boyd. Arnie Portocarrero (12-10) won his first in three weeks. Vito Valentinelli (4-3) was the loser.

Bob Cerv's 31st home run and Hal Smith's fifth powered a tie-breaking, four-run fifth inning for the A's against loser Hal Woodeshick (3-6). Ray Herbert (5-7) won it with a five-hitter, blanking the Injuns on two hits (both by Minnie Minoso) after the first inning, when Lary Doby's 11th homer counted two runs.

No-Can-Do Opener

The No-Can-Do bowling league opens its season Friday, Sept. 5, at 9 p. m. at Sangi's Bowlero on Cedar Street.

Ronald Riggins Gets Hole-in-1

Ronald Riggins, a member of the caddie corps at the Twaalfskill Club, yesterday became the fourth Twaalfskill member to score a hole-in-one this season.

Riggins, a 15-year-old who has a nine-hole score of 35 to his credit, aced the par-three No. 6 hole with a 5-iron shot. He was playing in a threesome with George Hughes and Miss Kathleen Joyce.

Other Twaalfskillers who have bagged an ace during 1958 are Dr. Robert F. Moseley, Robert Ortale, and George Schneider, who collected the second of his career.

Riggins will compete in the Daily Freeman hole-in-one tournament scheduled Sunday, Sept. 14 at Twaalfskill.

New Block Rule Poses Problems

By JACK CLARY
Associated Press Sports Writer
Pity the poor college lineman. He has to change his football life because the college rules committee decided last winter it would be better to block with one arm than with two.

The new rule states that a blocker must keep only one arm against his chest with hand clenched instead of two as in past years. What he is going to do with the other hand to avoid a 15-yard penalty for holding is up to him to learn between now and the opening of the season.

It is also considered enough of a problem by most coaches that the linemen are getting the bulk of the hard work during the first week's workouts.

Ohio State Coach Woody Hayes began juggling his linemen Wednesday, moving tackle Dick Schaftrath to end. He then moved soph Jim Tyrer, a 254-pounder, into the tackle slot.

New Blocking Rule
At Michigan State, Duffy Daugherty held a head-bumping session with his linemen, with Line Coach Lou Agase emphasizing the new blocking rule as the boys hit each other one on one, then two on one.

Texas Coach Darrell Royal promised his linemen more work when he complained after Wednesday's scrimmage session that "the guards weren't guarding and tackles weren't tackling."

Wisconsin's linemen "still looked pretty ragged" according to Coach Milt Bruhn after the Badgers' scrimmage.

In the Atlantic Coast Conference, Coach Paul Amen put his Wake Forest linemen through a brisk line scrimmage, while Duke's Bill Murray stressed blocking and tackling fundamentals.

Coach Frank Howard's Clemson Tigers went at each other in a hard blocking session.

Trout Season Closes Sunday

ALBANY—Conservation Commissioner Sharon J. Mauchs today reminded fishermen that the trout season in the southeastern counties of Queens, Orange, Rockland, Dutchess, Putnam and Westchester will continue through September 30th as provided by a bill passed by the 1958 legislature and signed by Governor Harriman on April 15, 1958. Nassau and Suffolk also have a closing date of September 30th. Elsewhere in the state, the trout season will close September 7.

The extension of the season in these lower Hudson counties was based on the fact that trout fishing there is almost entirely dependent on the stocking of hatchery fish, and that as many legal trout as possible should be taken from these streams the same season they are stocked. Hatchery trout have low survival over the winter in these waters.

Football Briefs

ITHACA, N. Y. (AP)—Cornell University's football team is lining up its offensive formations preparatory to heavy scrimmage late this week.

Coach George K. (Lefty) James passed along new plays and formations Wednesday and spiced the drill with light contact work.

Captain Bob Hazard, a senior from Yonkers was hobbled with a sore leg muscle. But James said the halfback should return to action by Saturday.

HAMILTON, N. Y. (P)—Colgate's football Red Raiders already are banging away in heavy contact drills.

Coach Fred Rice sent his charges through an extensive workout Wednesday concentrating on the defense. T-formation plays were tried against the first line.

Seniors Al Jamison of Toledo Ohio and Jim D'Eramo of Youngstown Ohio stood out at end and guard respectively. Ralph Galascione a junior from Montclair N. J. also looked good at end.

SYRACUSE, N. Y. (P)—Syracuse University is hoping a 6-ft., 6-inch senior can fill one of the big holes at end on its football team.

Senior Maury Youmans of near-by North Syracuse took over the left end post in drills Wednesday.

Al Gerlick a junior from Campbell O., ran from the outside tackle slot. Gerlick who kicked three extra points and a field goal last fall to help beat Pitt 24-21 replaced Ron Luciano of Endicott.

Crack Hydroplanes

To Race at Buffalo

BUFFALO, N. Y. (AP)—Sunday will see seven of the nation's most famous hydroplanes competing in the Buffalo Launch Club's international powerboat regatta on the upper Niagara River.

Entries include Gale V and Gale VI of Detroit, owned by Lee Schoenheit who says he will drive Gale VI. Bill Cantrell will drive Gale V.

Miss Supertest I captured the title last year.

Triplets Stymie Albany's Drive

By THE ASSOCIATED PRESS
Baseball is heartbreaking the way it's played in the Eastern League this final week of the season.

Here is dormant Binghamton, finally waking up after an endless string of losses, and keeping Albany on the ropes while Springfield and Williamsport battle it out for the Northern Division title.

Then there's Reading, winning its games only to find that Lancaster has all to win the Southern Division title for the second half of the season.

While Springfield defeated Williamsport, 8-4, Wednesday night and moved into a tie for first place with the Grays, Binghamton shellacked Albany, 19-5, for the second consecutive victory. This left Albany two games behind the leaders with only three games left in the season.

Meanwhile, Lancaster trounced York 11-2, assuring itself of at least a tie with Reading for the second half title. The Red Roses need only one more win to get the title, regardless of what Reading does.

The Indians defeated Allentown for the second straight time, 2-1.

Disorder Clouds IL's Playoffs

By THE ASSOCIATED PRESS

With only four days to go, the International League still doesn't know how the top four teams will line up for the playoffs.

Only one thing seems fairly certain. Montreal, defending champion Toronto and Rochester will be in the playoffs. The fourth spot still is a tossup between Columbus and Miami, with the Jets holding a one-game edge today.

All of the contenders except Montreal have today off. The Royals wind up a five game series against Buffalo tonight. Then Montreal, leading second place Toronto by two games, moves into third by two games, for a five-game place playoff. Toronto, with a 10-game buffer over Rochester, travels to Buffalo for three games. Rochester holds third place by 2 1/2 games over Columbus.

Columbus winds up its season with four games at Richmond while Miami entertains Havana in three contests.

The race for the playoff positions was tightened Wednesday night when Buffalo downed Montreal 5-0, Toronto defeated Rochester 7-5 and Miami trounced Columbus 11-1. Richmond defeated Havana 8-2 in the other game.

Field Day and Turkey Shoot Scheduled by Katrine Club

Lake Katrine Rod and Gun Club has scheduled its annual field day and turkey shoot on Sunday, Sept. 28, at the club preserve in St. Remy, just off Route 213.

Many novel shoots are being arranged and there will be shooting events for everyone from a novice to a professional marksman. A high power rifle range is being constructed for those wishing to shoot the high velocity guns.

The field and trap events will be handled by Peter Lemister Jr. and Frank Hornbeck. Turkey events are under the supervision of Charles Shader and Charles Arold. Emerson Mayes and Son-

ny Barnes will be on hand for archery events. William Scott and Robert Brize will handle the refreshments and Chet Joy and Les Hotaling will be in charge of the skeet range.

The public is invited and there will be an attendance award given during the day.

Final plans for the field day will be formulated at the monthly meeting of the club Tuesday night at the clubhouse in Lake Katrine. Two fine movies will be shown, Yukon Safari and Point, a quail and turkey shooting film made in Florida. All members are urged to be present as the dates for pheasant shooting will be set at that time.

Mrs. Ivan Whitmore Wins Criers Event at Wiltwyck

Basilio-Aragon Bout on Friday

LOS ANGELES (AP) — The amazing career of Art Aragon the Golden Boy of California boxing whom the fans love to hate reaches another climax at Wrigley Field Friday night.

Aragon goes against perhaps the toughest opponent in his long career Carmen Basilio of Chittango, once welterweight champion of the world, later the middleweight king until Sugar Ray Robinson regained the title from him last March.

The scheduled 12-round match will be televised by the National Broadcasting Co. with Los Angeles and a 300-mile radius screened out.

Both fighters are strictly punchers and have proved they can take it. Basilio in 55 fights dating back to 1948 and Aragon in 102 stretching back to 1944.

Young Cyclones

MANHATTAN, Kans. (NEA) — Kansas State counts 28 sophomores among a 60-man football squad.

Hyndman, Ward Star in Practice

SAN FRANCISCO (AP)—Americas Cup golf stars learn their pairings late today at ceremonies which will hoist the flags of Canada, Mexico and the United States at the Olympic Club.

Harvie Ward, two-time former U. S. Amateur king, and Bill Hyndman gave notice in practice Wednesday that the home team will be tough to defeat. The United States has won all three previous biennial matches.

Ward fired a 68 and Hyndman a 69 over the 6,880 yard par 70 Lake course.

Six players will represent each nation in each match — Scotch sixtimes Friday and Saturday mornings — individual play each afternoon. In the sixtimes, each nation will have a twosome playing one ball; in other words, an expanded two-ball foursome. The winner of each match will receive one point; ties will have the point.

Other U. S. scores Wednesday were Charles Coe and Dr. Charles Taylor 72; Billy Joe Patton 73; National Amateur champion William Robbins, Jr., 76 and playing Capt. Rex Baxter 77.

Ted Williams Joins Bosox in Baltimore
BOSTON (AP) — Boston slugger Ted Williams is scheduled for a workout today and then will rejoin his teammates in Baltimore following a 10-day virus infection.

Williams, who celebrated his 40th birthday confined to his hotel room with a heavy cold, fever and sore throat, worked out briefly Wednesday and announced he had lost six pounds.

For 18 months, from 1782 until the treaty of peace was signed, the headquarters of the Continental Army was at Newburgh.

Between You'n Me
by TILMURRAY

Rocky Graziano in Lindy's on Broadway expounding on the manly art: "You gotta have a strong back and a weak mind. . . . I used to be the world's greatest. . . . Then I started thinking and became the world's biggest bum. . . ."

Is Navy de-emphasizing? . . . 68 of the prize grid specimens in northern California took the Academy's entrance test . . . and exactly one passed. . . .

The No. 1 fight fan among major league ballplayers is Don McMahon, the sterling relief pitcher of the Milwaukee Braves. . . . who's enough of a walking encyclopedia of the sport to challenge even Dr. Joyce Brothers. . . . as a ballplayer, McMahon was discovered on the Parade Grounds in Brooklyn by Honey Russell, the Seton Hall cage coach. . . . playing the infield.

Doesn't it fit right in with Cus D'Amato's off-beat approach. . . . to have the Pike's Peak or Bust Rodeo outfit promote a championship fight next June in Colorado? . . .

Birdie Tebbets left a legacy of baseball stories when he severed himself from Cincinnati. . . . among them the capsule interview he gave after the size of the pitcher's mound had been changed. . . . "Just what effect will it have on pitchers, Birdie?" . . . "Well, the good pitcher will still be good, the mediocre pitcher will still be mediocre. . . . and the lousy pitcher will just have another lousy excuse. . . ."

The gag among the colleges is that the best way to attain a post-season bowl game is to be good enough to go on probation. . . .

Norm Van Brocklin was telling about his first awareness of Chuck Bednarik (now his Eagle teammate) as a pro nine years ago. . . . the Dutchman's Rams were being briefed by Clark Shaughnessy for a Philly tussle. . . . "Now Lazetich, at middle guard, you oughta have a field day Vic Lindsag, their regular center is hurt. They've got this big, flat-footed rookie playing there—Bednarik. . . . "And," recalls Van Brocklin, "we didn't see Lazetich for two weeks after the game. That's how long it took him to get out of the hospital!" . . .

How careers turn: Jack Curtice is in the college grid big-time coaching Sanford. . . . and sure to give them an interesting, wide-open offense. . . . but if his Utah team hadn't beaten Wyoming last fall, he'd have had trouble holding on to his Ute scalp. . . .

Persuasion: Emil Karas of Dayton is a tackle who wants to make All-America in the worst way. . . . so all summer every day, he ran up and down the many steps of the Flyer Stadium to get his legs in shape. . . . the kicker is that although he is the team captain, the school wouldn't open the stadium to him. . . . so he had to climb the fence to get in for his leg exercises.

Frank Gifford is the acknowledged Hollywood boy of the grid Giants. . . . but defensive back Lindon Crow of the same club has appeared in just as many movies, as an extra. . . . and both were "spearhead" through the heart in "Sign of the Pagan." . . .

Tulane has its fingers crossed over a sophomore halfback from the Cajun country named Percy Colon (what, no exclamation!). . . . they're planning to spout some commercials on the Green Wave radio network in Cajun dialect to take in the rosters from the back bays. . . . "He's from so far back in the woods," says Coach Andy Pilney, "he hasn't learned to be scared yet."

Between you'n me, there's all that talk about Casey Stengel going back home to southern California to manage (Los Dodgers of course). . . . but don't discount Fred Haney, also a Los Angeleno, and tired of traveling now that he's past 60. . . .

If you pour boiling water over pecans (in the shell) and let them stand for about half an hour, you'll probably be able to take out the nutmeats whole after cracking.

Oldest horse race track in the United States is at Saratoga Springs, N. Y. Its inaugural meet was in August of 1864.

Promising Sophs May Hold Key to Big Red Success
By BOB POWELL
Associated Press Staff Writer
ITHACA N. Y. (AP) — Recipe for success:
Take 15 lettermen stir in green but promising sophomores and let simmer until Sept. 27.

It is impossible at this time to tell what the concoction will bring but Coach George K. (Lefty) James hopes it turns out to be a tasty dish for win-hungry Cornell football followers.

For added seasoning Chief James has the ingredients for a fine passing attack and a good running game.

In fact James has good stock. The slot-T soup will depend on the greens.

Chicopee, Mass., heads list for the quarterbacking assignment. John Webster of Washington D. C. and Terry Wilson of Tarrytown know the halfback assignment from old and Bob Hazzard captain probably will handle the fullback chores.

Linemen who saw starting duty last year are Norm Juvonen of Hubbardston Mass. John Sandusky of Mahanoy City Pa. Dave Dunlop of Roselle Park N. J. Tom Revak of Mt. Carmel Pa. Ed Savitsky of Maryland Pa. and Dave Feeney of Delmar N. J.

James plans to move sophomore Warren Sundstrom of Medford Mass. too fill the opening at center. Sundstrom was a standout guard with last year's freshmen eleven.

Other promising ex-fresh include John Beggs of Auburndale, Mass., John Fenton of Lewisburg Pa. Ron Hall of Harrisburg Pa. Woody Sponagle of Lancaster Pa. and John Hanly of Jersey City N. J.

Marcello Tino of Binghamton a 190-pound sophomore is expected to see duty behind Skyepeak in the quarterback post.

James has hopes that the dish will be ready for the opener with Colgate here Sept. 27. So do Big Red fans.

The schedule:
Sept. 27 Colgate home.
Oct. 4 Harvard home; 11 Syracuse away; 18 Yale away; 25 Princeton home.
Nov. 1 Columbia away; 8 home; 27 Pennsylvania away.

Add mashed hard-cooked eggs to mashed cooked chicken livers plus seasonings for a nutritious sandwich spread.

Having meat loaf? Team a jar of whole small boiled onions with a can of tiny green peas for a good go-along.

"Call money" is money loaned "on call," which means that it must be paid on demand.

League Hits Snag
ST. LOUIS (AP) — Plans for a west Florida winter baseball league to develop young players have hit a snag.

Walter Shannon, St. Louis Cardinal farm director, said after a meeting of five major league club farm officials Wednesday that three of the clubs agreed to join. A fourth is needed.

Elliott Sure He Can Do 3:50

LONDON (AP) — Australian Herb Elliott ran a mile in 3:55.4 Wednesday night and said afterwards he could better 3:50.

The time was second only to Elliott's 3:54.5 world record in Dublin Aug. 6.

Promoter Terry O'Connor said Elliott contributed at least 15,000 to the crowd of 45,000, and added \$22,400 to the gate.

The 20-year-old Aussie has been under 4 minutes 10 times since last January and ran the 1,500 meters in a world-record-smashing 3:36 at Goteborg, Sweden, last week.

Now his sights are set on the 1,000-meter mark. He takes aim on that mark of 2:19 in Oslo Friday. The record is held jointly by Norway's Audun Boysen and Hungary's Istvan Rozosavolyi.

Second-place finisher was England's Brian Hewson in 3:58.9. Zbigniew Orywal of Poland was third in 3:59.7. Derek Ibbotson of England, whose listed world record of 3:57.2 twice has been bettered by the Australian, finished fourth in 4 minutes flat.

The best method of reducing is exercise—not a sudden, drastic increase that may do as much harm to a dog or trainer alike, but a general increase in activity that will condition both the bitch and the owner.

If the bitch is of a sporting breed, shape her up for the hunting season, and use her.

If not, she may, nevertheless, be trainable for retrieving, swimming, or some healthful exercise at which she can be kept busy for a time without too much stress on the owner's part.

The late Jack Coombs, who coached baseball at Duke for 24 years, was the first president of the Carolina League in 1945.

Grass is the most important crop in rural areas of the United States. It sustains both domestic animals and wildlife.

OUT OF DOORS with Field & Stream

By JOE STETSON
Dog Editor

I have encountered many cases where bitches were bred unsuccessfully when considerably overweight, conceived and whelped when their weight had been substantially reduced.

If, therefore, you should have a bitch which has not been contributing successfully to your breeding program, and she is overweight, it would be worthwhile to try reducing to normal before writing her off as a non-producer.

Care must be taken in cutting down weight to furnish all elements to an essential diet. It would not be wise, for example, to reduce calcium to the point where the bitch might wind up with eclampsia at whelping, or suffer from a vitamin deficiency which might contribute to some skin disorder or deficiency either in the mother or the pups.

The best method of reducing is exercise—not a sudden, drastic increase that may do as much harm to a dog or trainer alike, but a general increase in activity that will condition both the bitch and the owner.

If the bitch is of a sporting breed, shape her up for the hunting season, and use her.

If not, she may, nevertheless, be trainable for retrieving, swimming, or some healthful exercise at which she can be kept busy for a time without too much stress on the owner's part.

LISA TIANO, Correspondent

Isabelle Byman Reminds Critic of Eugen d'Albert

Edward Dannreuther said that Carl Tausig was, after Liszt, the most remarkable pianist of his time. Moreover, he was an elaborate arranger for the keyboard. No wonder that the organ Toccata and Fugue in D-Minor by J. S. Bach is not so much a Bach-Tausig, but perhaps a Tausig-Bach work. Isabelle Byman has something in common with Tausig: she is—and these are Liszt's words—"the infallible pianist with fingers of steel."

Beethoven's Sonata op. 10 no. 2 was the second number in the program after the powerful Bach opening. The finale of this sonata was, in this reviewer's opinion, one of the most advanced achievements in Mrs. Byman's performance—the most convincing proof of her eminent musicianship.

How was it possible that Beethoven in a period of depression and despair has written a piece of such tremendous vitality, not bare of "whimsicality, gaiety and sparkle." It was a "dear, fascinating girl," as Beethoven said, that was responsible for this fugato-fugato. And in the same letter to his friend, Dr. Wegeler, the master said: "I will seize Fate by the throat . . . it is so beautiful to live a thousand-fold." These words came into my mind when I heard Isabelle playing Beethoven's finale from op. 10 no. 2.

A Dangerous Interlude
From the composition to the leggero-touch of the French impressionistic music, to the "Puck" and "Minstrel's" style is a dangerous step. But not for Mrs. Byman. Was her Debussy interpretation along the Walter Gieseking line? The mere mention of the latter's name (even with following question mark) implies high quality. Unfortun-

nately, the noble and profound "Cathedral enloutie" was not among the six excerpts from the first volume of the Preludes. The climax before intermission time was Dimitri Kabalevsky's Third Piano Sonata, a Prokofiev-offspring, most interesting in his harmonic structure within an almost classic sonata-form despite some rhapsodic development sections which, in some instances, are incoherent and not quite transparent. This reviewer remembers Miss Byman's performance of this sonata three years ago in her first Woodstock recital of the Harmony Hill Series. What tremendous progress in her power of interpretation!

A Resounding Ovation
The second half of the program consisted of Paul Ben-Haim's Canzonetta and Toccata, two impressive pieces by the leading Israeli composer, Bartok's Dirge no. 3, and two of the many effective and/or charming Preludes by the great master-keyboard charmer Rachmaninoff. Sentiment, power, vitality and graceful delicacy are in Isabelle Byman's pianistic toolbox. She knows how to use these tools, how to apply them properly to the individual compositions and styles.

The finale of the program was Liszt's Hungarian Rhapsody no. 15, the Rakoczy March. And this performance reminded of that of the late Eugen d'Albert, one of the outstanding Liszt disciples and interpreters, another "infallible pianist with fingers of steel." A crowded house is an anticipated fact when Isabelle Byman plays, despite many other musical events scheduled for the same day. The Maverick Hall resounded with the ovations of the enthusiastic audience. . . . H. A. Schimmerling.

Sixth Exhibit Standout Show At Art Gallery

The sixth exhibition in the Kleinert Wing of the Woodstock Guild of Craftsmen opened for the Labor Day weekend with 51 paintings by as many artists in as many styles. There is a little overlapping of interests but, with the interpretation of the season, the mediums used caused varied effects.

The "East Wind" developed in a windward pattern by Earle Winslow is quite different. Another individual technique appears in "Seascape" by Gordon Howe. How it is done is anyone's guess, as is that of Albert Jacques, titled "Inflow" and labeled "Thermo-Plastic-Painting." "What is it?" asks everyone, but so far it remains the artist's secret.

A dark sea with no coast by Niel Jensen carries plenty of mood. The conventional rolling breakers on the rocky coast are painted by Anton Otto Fischer and William Ward. A calm sea with little boats done in pastel is by Lillian Loomis. "April Showers" by Nan Mason is another delightful composition.

The rolling surface of the earth used by Georgina Klitgard in "Oklahoma Landscape" is filled with feeling. A small drawing of a nude by the well known sculptor, Alfeo Faggio, has sculptural quality as is to be expected.

There are many other paintings of interest that space does not permit mentioning, but which are well worth seeing. The exhibition will remain for two more weeks. . . . E. Sturtevant Gardner.

Man's Right to Freedom Christ Scientist Topic

Man's fundamental right to freedom from all kinds of bondage will be explained in the Lesson-Sermon entitled "Man" at Christian Science services in Woodstock Sunday.

Scriptural selections will include this passage from Romans: "For as many as are led by the Spirit of God, they are the sons of God. For ye have not received the spirit of bondage again to fear; but ye have received the Spirit of adoption, whereby we cry, Abba, Father" (8:14, 15).

Citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (228:11-15): "The enslavement of man is not legitimate. It will cease when man enters into his heritage of freedom, his God-given dominion over the material senses. Mortals will some day assert their freedom in the name of Almighty God."

Rev. Wilder Opens Series on Bible

The Rev. Garnett M. Wilder will begin a series of sermons titled "Let Your Bible Speak" in the churches of the Woodstock Methodist Parish on Sunday Sept. 7. This is a series of four sermons to be preached during the month of September. We Christians expect that every sermon will be based upon the Bible. We further take for granted the fact that we will live according to the teachings of the Bible. Yet, all too often, that is as far as it goes. We do not read our Bibles enough, especially with reference to the problems of our "practical affairs."

This may be because we do not know where to read to find help in specific situations. These sermons will point to and deal

Lehman, Wagner Ask Liberals Back Hogan

By THE ASSOCIATED PRESS

NEW YORK (AP)—Former Sen. Herbert H. Lehman and Mayor Robert F. Wagner have urged the Liberal Party to nominate Manhattan Dist. Atty. Frank S. Hogan for U. S. senator.

The Liberals will decide at a meeting tonight whether to endorse Hogan, the Democratic nominee, or run a candidate of their own.

Cable Urges Support
Lehman sent a cablegram Wednesday from Zurich, Switzerland, asking the Liberal Party to back Hogan.

Alex Rose, Liberal vice chairman and chief strategist of the party, said Wagner had telephoned him to "urge very strongly that we go along with Hogan and the entire ticket."

Democratic Gov. Harriman, who has Liberal Party support, had appealed previously to the Liberals to support the entire Democratic ticket.

Kingston Firing Launches Bomarc

CAPE CANAVERAL, Fla. (AP)—A button pushed 1,500 miles away has launched another Bomarc, the nation's most highly developed air defense missile.

The Bomarc, the closest weapon to this country has to a so-called antimissile missile, roared aloft Wednesday on another test within the SAGE air defense system.

Once the missile was poised for launching at Cape Canaveral, it was fired from Kingston, N.Y., by a technician manning one of the largest and most complex digital computers in the world.

The computer is part of the semi-automatic ground environment (SAGE) system—an intricate network of radar stations and computer centers that guards the nation against enemy air raids.

The Bomarc, designed to carry a nuclear warhead from 250 to 300 miles, was aimed at a World War II pilotless B-17 drone bomber target somewhere along the south Atlantic missile range. For test purposes the Bomarc is set to miss the drone rather than destroy it.

The Air Force announced that a Bomarc was fired, but officials declined to divulge either the objectives or the results of the test.

The Bomarc, which homes in on its target while blazing along at three times the speed of sound, probably soon will become operational at 14 launching sites strategically located across the country. The missile is in mass production at the Boeing Airplane Co.'s plant in Seattle.

Quality Control Group Meets at Poughkeepsie

The first meeting of the 1958-1959 season for the Mid-Hudson section of the American Society for Quality Control was held Tuesday at Anchor Inn, Poughkeepsie.

Chairman Frank J. Sindelar explained how the national organization and the local section are tied together on an organizational and functional basis. Committee chairmen presenting reports were as follows: Sindelar, chairman, executive committee including William Bobalke, Harry Sanctuary and John Losee; secretary Casper Rose and Treasurer William Beneshan.

First vice chairman is William Cranston. Reporting to Cranston are Carl Wetzel in charge of the Technical Section, and Richard Hulnick, New England Conference.

Appointments are yet to be made for the library, education and reliability conference committees.

Second Vice Chairman Gerald H. Overbush is in charge of the

committee in addition to acting on the Senate nomination tonight, will decide whether to endorse Peter J. Crotty, the Democratic nominee for attorney general. Up to now, the Liberals have opposed Crotty. Democratic leader of Erie County, on the ground that he is too conservative.

Rose said Wednesday night that he and Dr. George S. Counts, Liberal Party state chairman, were "greatly impressed" by Hogan's written answers to a Liberal questionnaire on his views on various issues.

Opposes R-T-W Laws
Hogan, answering the Liberal questionnaire, said he is opposed to so-called right-to-work laws. He said he favors the Kennedy-Ives Senate bill to regulate labor and management practices, which lost in the House.

Hogan favored development of a reservoir of public works projects to relieve unemployment in times of distress. He also supported federal aid for school construction, teachers' salaries and student scholarships; the outlawing of racial discrimination in employment, education and housing; and enlarged foreign economic aid by the United States.

following activities with the chairmen indicated: Program, Wallace C. Stone; arrangements, Bradley Dewey; membership, Dwight Bellinger; publicity, Louis Bock and Saddoris award, Harold Loper.

The following members were present from the Kingston area: Dwight Bellinger, Lloyd K. Collins, James S. Dwyer, Clement A. Heitzman, Hulnick, James H. McManus, Harry L. Mirick, Overbush, Sidney Price, Edwin S. Secor, Henry E. Schuster, Wallace C. Stone, Wetzel, and James Whelan.

The next meeting is scheduled for October 7, 1958 at Anchor Inn.

The elm is a loose barked tree, therefore more readily open than other trees to fungus infections.

New Manager Now At Hercules Plant

NORMAN L. McLEOD

Hercules Powder Company today announced that Norman L. McLeod, new works manager of the Port Ewen plant, has arrived from Salt Lake City to assume new duties.

McLeod succeeds Richard C. Tucker, recently transferred to Radford Arsenal, a government owned and Hercules-operated installation, at Radford, Va.

He joined Hercules Powder Company in June 1934 as an analytical chemist at the Hercules Research Center, near Wilmington, Del., transferring seven months later to the Parlin, N. J., plant. McLeod held various supervisory positions there until February of 1941 when he was transferred to Radford Arsenal, Radford, Va., an Army Ordnance Corps facility operated by Hercules for the U. S. government.

After working as nitrocellulose laboratory supervisor, and as acid department superintendent there, he was transferred, in 1945, to the Hercules, Calif., explosives plant as acid supervisor. Two years later he was named

assistant plant superintendent at Bacchus, Utah.

McLeod returned to Hercules, Calif., as assistant works manager in February 1952, transferring a few months later to the Kenilworth plant in the same capacity.

He returned to Bacchus in May 1954 as works manager, and was appointed to his present post at Port Ewen in September of 1958.

McLeod is a member of the American Institute of Mining and Metallurgical Engineers.

He is married to the former Alice Celeste Evans of Radford, Va. They have three children, Glenn Alben, Norman Evans, and Patti Magee McLeod.

County VFW Auxiliary

Meets at Paltz Sunday

The regular meeting of Hudson Valley Counties Council Ladies' Auxiliary of Veterans of Foreign Wars meets Sunday at 2:30 p. m. at New Paltz Post Home.

Refreshments will be served following the meeting.

The Weather

THURSDAY, SEPT. 4, 1958
Sun rises at 5:23 a. m.; sun sets at 6:26 p. m., EST.
Weather: Partly cloudy.
The Temperature
The lowest temperature recorded on The Freeman thermometer during the night was 59 degrees. The highest figure recorded up to noon today was 75 degrees.

Weather Forecast
Southeastern New York — Considerable cloudy weather with occasional showers and scattered thundershowers through Friday.

PARTLY CLOUDY, HUMID

Moderately warm and humid. Afternoon high upper 70s to mid 80s. Winds generally southwesterly 12-25 through Friday and strong and gusty in some thundershowers. Winds probably shifting to northwesterly late Friday and Friday night. Outlook for Friday night and Saturday: Gradual clearing and cooler with decreasing humidity.

The extensive salt-water fisheries of New York State are largely centered along the coast of Long Island.

Rockefeller Not For Crystal Ball, He'll Make Own

SYRACUSE, N. Y. (AP)—It was Gov. Harriman's turn today to show what he can do in the handshake derby at the New York State Fair.

His Republican challenger for the governorship, Nelson A. Rockefeller, smiled his way around the giant exposition Wednesday, introduced himself to potential voters and pumped hands enthusiastically.

Democrat Harriman, known for his pumping prowess, planned to participate in senior citizens' day activities at the fair. A model city for the elderly is a feature this year.

Chats Gaily

Rockefeller visited the exhibit. He chatted gaily but declined to have his fortune read at a booth.

"I'm going to make my own crystal ball on this one," he remarked. "I don't intend to leave anything to chance."

Rockefeller came to the fair from northern New York, where he had been touring quietly since Labor Day.

The multi-millionaire philanthropist said the purpose of the trip was to talk with farmers and industrialists in the area and to obtain a better understanding of their problems.

In Ogdensburg Wednesday, officials did not recognize him at a manufacturing plant. Later he was admitted.

His son, Steven, 22, accompanied Rockefeller on the trip, which included stops at St. Vincent's, Rosiere and Clayton, among others.

Recession Easing: Ave
Harriman spoke Wednesday night at the annual farm dinner of the Syracuse Chamber of Commerce. He said he thought the business recession was easing.

"But now that the recession is slackening off," the governor continued, "we must remember that it is not good enough to be almost as good as last year."

"We must expand, if we are to give opportunity to the 100,000 youngsters coming out of our schools and colleges every year."

Harriman appeared earlier on television and radio programs in New York City and said the Republicans, not the Democrats, were victims of bossism.

Republicans have charged that the recent Democratic state convention in Buffalo was dominated by the New York City leaders, particularly Carmine G. DeSapio, head of Manhattan's Tammany Hall.

Doctor to Open Office in Port Ewen on Friday

DR. H. C. EICHELMANN

A general practitioner, Dr. Henry C. Eichelmann, will open offices on Broadway, Port Ewen, on Friday.

Recently of Walton, Dr. and Mrs. Eichelmann and their daughters, Donna, 7, June, 8, and Diane, 9, now reside in Port Ewen. His parents, Mr. and Mrs. Henry Eichelmann Sr. also reside in Port Ewen now.

Born in New York City, Dr.

Eichelmann attended Stuyvesant High School and College of the City of New York where he received his BS degree. In 1947 he graduated from Hahnemann Medical College, Philadelphia, with the degree of Doctor of Medicine. He has done postgraduate work in several fields, the most recent, a course in pediatrics at Albany Medical College.

Dr. Eichelmann served a rotating internship at Fordham Hospital, New York City, from 1947 to 1948 and then went into general practice in New York City. In 1947 he became a diplomate of the National Board of Medical Examiners.

In 1949, he and his family
